VOLUME 50. VICTORIA, B. C., WEDNESDAY, DECEMBER 14, 1910. NO. 139.

## FINANCING OF SOOKE SCHEME

### BY-LAW BEFORE BOARD EXPLAINS THE DETAILS

### Anticipated Increase in Water Revenue is a Factor in the Matter

Appended are clauses in the by-law to acquire Sooke lake, Sooke river and the branches and tributaries of the same, to be utilized as a source of water supply for Victoria, which are of popular interest. The by-law, which was given a first reading at last Monday evening's meeting of the city council, will come up for second reading next week.

A perusal of the clauses which follow will afford the reader a comprehensive understanding of the method it is proposed to follow in financing the scheme. It is not improbable that when the measure is next taken up there will be considerable discussion on the question of the status of the ratepayers of Victoria West in the scheme, and for that reason it is pertinent to point out that the loan is proposed to be raised on the general credit of the corporation, as well as upon the general revenue of the waterworks system as it is at present and as it may be increased.

"Whereas the corporation of the city of Victoria owns the waterworks property and system under which the citizens of the city are supplied:

"And whereas by the water by-law 1909, No. 663, of the by-laws of the said corporation, a frontage tax is assessed and charged upon the owners of lots or parts of lots in the city of Victoria in, through or past which a main water pipe of four inches in diameter or over shall run, and certain rates, rentals and charges are, by the said by-law, fixed and levied and made payable for the supply of water within and without the city:

"And whereas the following sums have heretofore been specially charged upon water rates and charges: 1906 under by-law No. 491, repayable in 10 years, $17,000; 1907 under by-law No. 507, repayable in 10 years, $8,000; 1907 under by-law No. 524, repayable in 10 years, $5,000; 1909 under by-law No. 615, repayable in 50 years, $125,000; total, $155,000. Interest on all above loans at 4 per cent., the total of annual interest and sinking fund being $914.75, no part of which is in arrears.

"And whereas it is deemed advisable to acquire Sooke lake and Sooke river and the waters thereof, and all the waters tributary thereto, or which can be made tributary thereto, and so conserve the said waters by means of dams and other works, and to acquire sufficient land around the said lake to insure that the water shall be kept clean and healthful, and to convey the said water into the city of Victoria by means of a tunnel or tunnels or pipe lines or by a tunnel and pipe line combined, and to join the same to the system already operated by the city of Victoria:

"And whereas it is estimated that the cost of the whole of the work above outlined, including all incidentals, will be one and one-half million dollars:

"And whereas the estimated value of the present waterworks system of the city of Victoria and property and waters is one million four hundred and seventy-nine thousand one hundred and fifty-seven dollars and sixty-one cents, to which sum will be added the value of all the lands, waters and works so acquired, conserved and made as aforesaid:

"And whereas the estimated general revenue for the year 1910 of the present waterworks system is $150,000, to which must be added all such additional revenue as may be expected to accrue by reason of the development of the further system of water supply under this by-law, and by reason that the possessioon of the same will insure an ample supply of water at all times for the city:

"And whereas the corporation propose to raise the sum of $1,500,000, as hereinbefore set out, upon the credit of the said waterworks system and property now held, or hereafter acquired under the provisions of this by-law, and the taxes and rates, rentals and charges, and the general revenue of the waterworks system and the waters of the corporation.

"Now, therefore, the municipal council of the corporation of the city of Victoria enacts as follows:

"1. Authority is hereby given to the water commissioner of the city of Victoria, subject to the approval of the municipal council of the corporation of the said city of Victoria, to acquire Sooke lake and Sooke river and the

(Concluded on page 4.)

### SHOOTS HIMSELF.

Dan McGann, Former Captain of New York Nationals, Commits Suicide at Louisville.

Louisville, Ky., Dec. 14.—Dan D. McGann, former captain and first baseman of the New York Nationals, committed suicide here yesterday. McGann was found in his room at Bosler's hotel with a bullet hole over his heart and a revolver in his hand. He had been dead several hours. No one had seen him since midnight on Monday, when he was apparently in the best of health. A maid entered his room yesterday to clean it and discovered the body.

McGann last season was with the Milwaukee team of the American Association and it was understood efforts were being made to secure him for the Louisville team next season. So far no cause for his suicide has developed.

## ORPHANS' HOME ANNUAL MEETING

### REPORTS SHOW WORK PROGRESSING WELL

### Committee of Management is Elected—Thanks Expressed for Donations

The annual meeting of the British Columbia Protestant Orphans' Home was held in the city hall yesterday afternoon, when the board of management was elected and the annual reports read and received. President Charles Hayward occupied the chair. The treasurer's report showed a balance of $2,146.70 in hand. The election of president, secretary and treasurer, which, according to the by-laws, must take place within a week of the annual meeting from among the members of the board of management, will be held at the city hall Tuesday afternoon next at 4.30 o'clock.

The committee of management elected yesterday is as follows: A. J. W. Bridgman, Rev. W. Leslie Clay, A. D. Crease, Right Rev. Bishop Cridge, A. E. Fraser, sr., Lawrence Goodacre, C. Hayward, H. Dallas Helmcken, K. C., James H. Lawson, Rev. E. G. Miller, Right Rev. Bishop Perrin, William Scowcroft.

At the meeting on Tuesday afternoon the ladies' committee of twenty-four will be elected.

There are now at the home 21 girls and 16 boys. A resolution conveying the heartfelt good wishes and affection of the committee and officers to Bishop Cridge, assuring him he was present with them in thought of the meeting, and praying the peace of God may ever be with him, was moved by Rev. E. G. Miller, seconded by Rev. W. Leslie Clay, and passed unanimously.

The report of the committee of management was read as follows:

Ladies and Gentlemen,—In presenting their thirty-eighth annual report your committee of management have again the pleasure of congratulating the subscribers and friends of the Home upon its continued usefulness and prosperity. The successful operations of the past year, and the kindly generous way in which appeals for assistance have been responded to, has been very encouraging to the varied workers in the cause, and calls for heartfelt feelings of gratitude to the gerat Giver of all. Our improving financial position, and the reliance that may always be confidently placed upon the generous voluntary support of the friends of the needy and helpless, both in Victoria and throughout the province, justifies, we believe, a more extended diffusion of the benefits of the Home.

Although during the year no cases of destitute orphans have been refused assistance, it is suggested that the time has arrived when, with advantage and safety, the claims of the poor unfortunate children who by reason of neglect or other circumstances are in some cases really worse off than or-

(Concluded on page 11.)

## SPANISH PREMIER IS URGED TO ACT

### Radicals Impatient Because of Delay in Dealing With Clericals

(Times Leased Wire.)

Madrid, Dec. 14.—(Via Hendaye.)—Pressure to bring about vigorous action by Premier Canalejas against the Clericals is growing stronger daily. It is predicted that as soon as the budget is out of the way the premier will attack the adherents of the church. It is expected that the budget will be shelved by the middle of January, and that the Radicals then will insist upon Premier, carrying out his pledges regarding church reforms.

It is said that Canalejas has astonished even his opponents with his cleverness in holding off a crisis that must eventually be met. The premier has pleaded every cause for delay, the latest being a plea that he must reorganize the cabinet.

The Radicals, however, are insistent that a time limit be fixed, and in the meanwhile the Clericals are preparing for strife.

### MURDERS ON KANSAS FARM.

Man and Woman Taken Into Custody as Suspects.

Kansas City, Kas., Dec. 14.—Samuel Bailey, formerly employed on the Barnhart farm, and a woman claiming to be his wife, were arrested to-day as suspects in the Olathe murder case in which Mrs. Barnhart, her son and two other men were killed.

The pair were arrested on the strength of a statement by John Feagles, who is also under arrest as a suspect, that George Barnhart, one of the victims, had quarrelled with Bailey shortly before the murders.

Barnhart's hat was in Bailey's possession when the officers placed him under arrest. He had a pair of blood-stained overalls, for which he was unable to account; also a sack of money which it is believed he took from the Barnhart home.

—Toronto Globe.

THE TRULY LOIL.

MR. BULL—And so you gentlemen have gone back on the naval defence policy you voted for last year, and henceforth will do nothing to help me?

BORDEN—Yes, but please observe, Mr. Bull, we sing just as heartily as ever!

## CANADIAN GIRL ACQUITTED OF MURDER

### Crowd in Court Cheers When Verdict is Announced in Glover Case

(Times Leased Wire.)

Cambridge, Mass., Dec. 14.—Hattie Leblanc was acquitted of the murder of Clarence Glover by a jury here. The verdict was reached after short deliberation.

When the court had completed its instructions to the jury, Miss Leblanc was asked if she desired to make a statement.

"I did not kill Clarence Glover," she said tremblingly. "I want to go home with my father."

Wild cheering followed the announcement of the verdict. The public sentiment has been strong for the 17-year-old girl defendant.

Miss Leblanc was accused by Glover in his dying statement. "Hattie shot me," were his last words.

The girl sat with her father and her aunts while the verdict was being read.

The trial was one of the most sensational ever held in this section. Glover was a wealthy laundryman. Miss Leblanc is a poor French Canadian girl whom Glover took from her home in Canada to educate. Glover's wife was the principal witness for the prosecution.

### CRUISER'S SPEED TRIALS.

London, Dec. 14.—During thirty hours' steaming trials, the cruiser Indefatigable is reported to have exceeded 27 knots, using only three-fourths of its power. It is believed that it will make 30 knots when it has its full power trials.

## TWO KILLED BY EXPLOSION IN MINE

### Two Other Miners Sustain Injuries and Are Not Likely to Recover

(Times Leased Wire.)

Ravensdale, Wash., Dec. 14.—Two men were killed and two fatally injured in an explosion of coal gas in the mines here yesterday. Ivan Cale and L. Mauris were instantly killed, and John Ash and Andrew Johnson, rescued in a few minutes after the blast, by workers from the surface, will probably die.

The rescuers managed to get out the other four men who were imperiled in the lower levels of the mine.

### DROWNED IN WELL.

Brandon, Dec. 14.—Joseph Parker, a well known farmer, fell into a well. When found he was dead.

### EX-MAYOR OF ST. THOMAS DEAD.

St. Thomas, Dec. 14.—Dr. Van Buskirk, the oldest practitioner here and an ex-mayor, is dead, aged .

## MEXICAN TROOPS DEFEAT REBELS

### OVER THREE HUNDRED KILLED AND WOUNDED

### Insurgents Driven From Their Trenches, Leaving Dead Behind Them

(Times Leased Wire.)

Mexico City, Mexico, Dec. 14.—The extent of a two days' battle near Guerrero was made public to-day by the war department.

It was stated that 300 rebels engaged in conflict with 500 federal troops under General Navarro, and that the insurgents were thrice driven back, leaving their dead in the trenches.

Official dispatches state that 70 rebels and 14 federal soldiers were killed and 150 insurgents and 80 regular soldiers wounded.

General Navarro planned on Monday to recapture Guerrero and advanced upon the town. The rebels were entrenched several miles from Guerrero, and after a stubborn fight were dislodged. They retired to a second line of trenches and again were driven out under a heavy fire of rifles and machine guns.

Navarro reported later that the rebels had been driven from a third line of breastworks and rifle pits.

### WILL PLEAD INSANITY.

Defence in Case of Mrs. Schenk Accused of Attempting to Poison Husband.

Wheeling, W. Va., Dec. 14.—An affidavit declaring that her great-grandmother, grandmother, father and two sisters were victims of insanity, was filed to-day with a motion for a continuance by attorneys for Mrs. Laura Schenk, whose trial for alleged attempted poisoning of her husband was scheduled to be called to-day.

When the trial is begun Mrs. Schenk's plea will be insanity, according to the affidavits. The document continues: "The affiant states and expects to prove that the defendant is and at the time the offence of which she was charged was committed was insane."

John O. Schenk, a millionaire packer, is the complaining witness against his wife.

### RETAINS CHESS CHAMPIONSHIP.

Dr. Lasker Defeats D. Janowski at Paris by 8 Games to 6.

Berlin, Dec. 14.—Dr. Emanuel Lasker, of New York, retains the world's chess championship by defeating the challenger, D. Janowki, of Paris, with a score of eight games to none. Three games were drawn.

Dr. Lasker won the tenth game after a splendid contest. The game lasted two days, when after thirty-one moves it was adjourned while slightly in favor of Dr. Lasker. The eleventh game proved an easy victory for Dr. Lasker, who wins in addition to the title the $1,000 prize donated by M. M. Nardus, of Paris.

### GASOLINE EXPLODES.

Two Killed and Two Others Probably Fatally Injured.

St. Louis, Dec. 14.—Two women are dead and a young girl and a man probably fatally injured as the result of a gasoline explosion in the home of Frank Waser here yesterday. The dead are: Mrs. Waser and her sister, Miss Tennie Harris, 18 years old. Waser and his wife's other sister, Miss Mary Harris, are in a hospital badly burned. Mrs. Waser was filling a gasoline stove and had neglected to turn off the burners.

## ANDREW CARNEGIE'S LATEST DONATION

### Details of Gift in the Cause of Peace Have Been Completed

(Times Leased Wire.)

Washington, Dec. 10.—Andrew Carnegie to-day donated $10,000,000 in five per cent. bonds to the new peace foundation, and the income derived will be used to effect international peace. President Taft was made honorary president of the foundation and Senator Root active president. The foundation will make perpetual disposition annually of $500,000 for the purpose of peace. Should the aims of the foundation be successful, the funds then are to be devoted to the abolition of "the next most degrading evil of evils."

In the deed of trust Carnegie says: "Although we no longer eat our fellow men, sack cities and kill their inhabitants, we still kill each other in war, like barbarians. Only wild beasts are excusable in doing that. In this, the 20th century of the Christian era, for the crime of war is inherent since it decides not in favor of the right, but always in favor of the strong. That nation is criminal which refuses arbitration and drives its adversary; it is a criminal nation that knows nothing of righteous judgment.

"I believe the shortest and easiest path to peace lies in adopting President Taft's platform put before the Peace Arbitration Society March 22, 1910."

The final details of the gift which will be announced to-morrow at the session here of the American Society for the judicial settlement of international disputes, were completed to-day. Twenty trustees will control the distribution of half a million yearly, the income from the fund. Carnegie's recent gifts total $179,500,000.

## RAILWAY ACCIDENTS IN CALIFORNIA

### Annual Report Shows 306 Killed and 2,175 Injured During Year

(Times Leased Wire.)

San Francisco, Cal., Dec. 14.—The railroads of California killed 306 persons and injured 2,175 during the year ending June 30, 1910, according to the annual report of the state railroad commission, made public to-day. Five less were killed during the fiscal year 1908-1909, but nearly 400 more were maimed. The report contains 435 typewritten pages, and is one of the most complete ever submitted by the commission.

### LOCAL OPTION.

Winnipeg, Dec. 14.—Following centres in Saskatchewan carried local option: Moose Jaw, Davidson, Balcarres, Pilmore, Rocanville, Grenfell, Pense, Theodore, Antler, Drinkwater.

These defeated the law: Regina, Saskatoon, Prince Albert, Indian Head, Rosthern, Melfort, Melfort, Balgonie, qu'Appelle, Manor, Arcola, Dundurn, Strassburg, North Battleford, Yorkton, Weyburn, Maple Creek.

## CHANCE OF VICTORY THROWN AWAY

### TARIFF REFORM ORGAN ATTACKS BA' FOUR

### Declares Referendum Proposal Was Made by Enemies of Chamberlain

(Special to the Times.)

London, Dec. 14.—A tariff reform organ this morning says that with Mr. Balfour's proposal that the whole budget be referred to the people the last vestige of practicability has vanished from the unfortunate proposal of the referendum, which it describes as not the only blow unwittingly aimed at the constitution by Mr. Balfour. A drastic change of this kind, it says, should not be initiated in the middle of a general election, nor at all without the fullest deliberation by the defenders of the constitution. "Everyone knows," it continues, "that the original inspiration for the tariff referendum came from the Chamberlains' enemies in the Unionist camp, a faction at whose behest a fair chance of victory for tariff reform was thrown away. It was not worth one hundred votes in a single constituency. Tariff reformers must insist without delay on having a clear course to run in their association with the Unionist party."

Attacks Home Rule.

Speaking at Newport-Pagnell tonight, Lord Milner made a strong speech against Home Rule. The government's veto proposals, he stated, were merely a cloak for a piece of political treachery. The Unionists, he added, though in the minority, would be strong enough to force another appeal to the country.

### MINING LAWS.

Proposed Uniform System Throughout the Dominion.

(Special to the Times.)

Ottawa, Dec. 14.—The mines committee of the Commons has appointed a sub-committee to confer with Sir Wilfrid Laurier, Hon. F. Oliver and Hon. W. Templeman regarding the proposal for organizing a uniform system of mining laws throughout the Dominion. At present each province has one system and lack of uniformity causes considerable trouble.

### PIONEER DEAD.

(Special to the Times.)

Portage la Prairie, Dec. 14.—Wm. M. Smith, one of the famous old-timers of Manitoba, died at his home here on Island Park farm, Monday night, after a short illness. He was 70 years of age, and leaves a son and daughter and two brothers. He came to this country when he was 17 years of age, and for several years worked for the Hudson's Bay Co. He then started in business for himself as river freighter, and at that time James J. Hill, of the Great Northern Railway, and Pat Burns, of Calgary, were both in his employ.

## MAYOR EVANS AGAIN WINS AT WINNIPEG

### Re-Elected by Majority of 1,595—Council Also Endorsed

(Special to the Times.)

Winnipeg, Dec. 14.—W. Sanford Evans is mayor of Winnipeg for the third term by the substantial majority of 1,595. Not only the mayor, but his entire council was endorsed by the electors, not a single member of the board of control of those councillors who re-contested their seats being defeated.

The vote was one of the heaviest on record, the keenest interest being displayed in issues.

R. Carlile, formerly of Ottawa, who is charged with perjury having been detected impersonating was this morning remanded on bail.

Dr. Shearer's Views.

Toronto, Dec. 14.—In an interview this morning on the result of the Winnipeg elections, Rev. Dr. Shearer expressed the view that the result has been practically an endorsement of the policy of segregation and that in all probability it will mean for Winnipeg a worse black eye than ever he had given that city. Dr. Shearer complained that he had been misrepresented in his famous interview and concluded: "It is also to be noted that while many of the thoroughly good citizens of Winnipeg were supporters of Mayor Evans either on personal or political grounds, practically all of the worst elements of the city were aggressively working for his election."

### FLOODS IN ITALY.

Rome, Dec. 14.—So serious have the floods become, particularly in the northern part of Italy, through the increased rains, that the King has expressed his intention to visit the inundated districts, and thereby give encouragement to the inhabitants.

## ELECTIONS ARE NEARING CLOSE

### UNIONISTS GAIN THREE MORE SEATS

### Eighty-Five More Members to Be Elected—Results of Yesterday's Contests

(Special to the Times.)

London, Dec. 14.—The results of Tuesday's elections were more encouraging to the Unionists than any recent day, showing a net gain of three seats, two being the Ashburton division of Lincolnshire and South Monmouthshire. Not only was there no Liberal gain to offset these, but a Liberal seat, that of West Fifeshire, was actually lost to the Labor party. Following is the corrected standing to-day:

| | |
|---|---|
| Unionists | 257 |
| Liberals | 218 |
| Labor | 35 |
| Nationalists | 64 |
| Independent Nationalists | 8 |
| Unionist gains | 26 |
| Liberal gains | 24 |
| Seats outstanding | 85 |

The following elections held yesterday were declared at noon to-day:

Hertford—Pawle, Liberal, 4,226; Rolleston, Unionist, 5,694. Unchanged.

Dumfries Burghs—Galland, Liberal, 2,315; McCall, Unionist, 1,596. Unchanged.

Perthshire, East—Young, Liberal, 3,658; Skelton, Unionist, 2,826. Unchanged.

Northamptonshire, South—Thomas, Liberal, 3,827; Fitzroy, Unionist, 4,340. Unchanged.

Dorset, North—Wills, Liberal, 3,887; Baker, Unionist, 3,919. Unchanged.

Northumberland, Tyneside — Roberts, Liberal, 11,693; Robertson, Unionist, 6,857. Unchanged.

Suffolk, Stowmarket—Barclay, Liberal, 4,804; Goldsmith, Unionist, 4,995. Unchanged.

Staffordshire, West—Meakin, Liberal, 5,123; G. A. Lloyd, Unionist, 5,602. Unchanged.

Dorset, East—Guest, Liberal, 6,819; Glyn, Unionist, 6,266. Unchanged.

Aberdeen, East—Cowan, Liberal, 6,152; Craighead, Unionist, 3,772. Unchanged.

Staffordshire, Lichfield — Warner, Liberal, 5,058; Chetwynd, Unionist, 3,670. Unchanged.

Yorkshire, Barkston Ash—Horne, Liberal, 4,372; Lane-Fox, Unionist, 5,066. Unchanged.

Wiltshire, Devies—Pocock, Liberal, 3,670; Peto, Unionist, 4,408. Unchanged.

Lincolnshire, Brigg—Gelder, Liberal, 5,506; Bennett, Unionist, 5,637. Unionist gain.

Cumberland, Egremont—Mousdale, Liberal, 3,753; Grant, Unionist, 4,113. Unchanged.

Yorkshire, Rotherham—Pease, Liberal, 9,365; Dransfield, Unionist, 4,511. Unchanged.

Yorkshire, Ripon—Rea, Liberal, 5,020; Wood, Unionist, 5,894. Unchanged.

Stirlingshire, Chapple, Liberal, 9,183; Horne, Unionist, 6,487. Unchanged.

Denbighshire, East—John, Liberal, 6,449; Hood, Unionist, 3,186. Unchanged.

Fifeshire, West—Adamson, Labor, 6,126; Hope Liberal, 5,425. Labor gain.

Devonshire, Ashburton—Buxton, Liberal, 5,225; Morrison-Bell, Unionist, 5,579. Unionist gain.

Bedfordshire, Biggleswade — Black, Liberal, 6,536; Glyn, Unionist, 5,808. Unchanged.

Monmouthshire, South — Herbert, Liberal, 8,597; Forrester-Walker, Unionist, 8,658. Unionist gain.

Durham, Southeast—Hayward, Liberal, 8,231; Burdon, Unionist, 7,018. Unchanged.

Cornwall, Truro—Morgan, Liberal, 4,573; Williams, Unionist, 4,176. Unchanged.

Ayrshire, North—Anderson, Liberal, 7,286; Campbell, Unionist, 6,932. Unchanged.

King's County—Reddy, Nationalist, 2,123; Ryan, Independent Nationalist, 624. Unchanged.

Gloucestershire, Forest of Dean—Sir G. Dilke, Liberal, 5,544; Kydd, Unionist, 2,800. Unchanged.

Glamorgan, South—Brace, Labor, 10,190; Morgan, Unionist, 7,252. Unchanged.

Essex, Harwich—Hiley, Liberal, 5,008; Newton, Unionist, 6,470. Unchanged.

Derbyshire, South—Raphael, Liberal, 3,701; Fleming, Unionist, 5,340. Unchanged.

Carmathenshire, West—Hinds, Liberal, 5,076; Cremlyn, Unionist, 2,036. Unchanged.

Durham—Atherley-Jones, Liberal, 5,998; Hardicker, Unionist, 4,827. Unchanged.

Norfolk, South—Soames, Liberal, 4,740; Timmis, Unionist, 3,212. Unchanged.

Limerick, East—Lunden, Nationalist, 3,715; O'Connor, Independent Nationalist, 1,381. Unchanged.

Cheshire, Knutsford — Whitworth, Liberal, 4,658; Sykes, Unionist, 6,137. Unchanged.

J. Cathcart Wason was returned unopposed for Orkney and Shetland to-day.

Tipperary, Mid—Hackett, Nationalist, 2,440; O'Dwyer, Independent Nationalist, 1,716. Unchanged

Great Britain's best Player Pianos. Terms to suit your convenience

**Montelius Piano House, Ld**

1104 Government Street. Victoria, B. C.

## SAD DEATH OF A NATIVE DAUGHTER

### Miss Florence Williams Fatally Burned While Lighting Fire —Musician of Promise

While in the act of lighting a fire in a grate yesterday morning Miss Florence Phyllis Williams, daughter of Mr. and Mrs. R. T. Williams, was so severely burned about the head and body that she succumbed to her injuries shortly afterwards at the family residence, 934 View street. The unfortunate young lady was wearing a woollen dressing gown, and as the fire began to burn the heat ignited the robe of inflammable substance. Before the parents were able to extinguish the flames their daughter had been fatally burned.

The late Miss Williams was exceptionally well known in this city, having attended the public schools here for many years. She graduated into the High school with high honors, and in the Victoria college she adapted herself to her studies faithfully, and made excellent progress. In the matriculation and McGill courses she ranked high in her class. During her school days she made numerous friends, and the news of her untimely death will be received with sincere regret by her former classmates. She was not only well known locally, but also on the upper mainland, where for over two years she taught school.

As a musician she had shown remarkable talent, and all her plans were made for a course at Leipsig, whither she was to have proceeded next spring.

The late Miss Williams was 22 years of age and was a native daughter, being the grand-daughter of the late Wm. Williams and James Smith, two pioneers who were connected with the earlier history of this city. The funeral has been arranged to take place on Friday at 3 o'clock from the family residence, where services will be conducted by Rev. Dr. Campbell. Interment will be made in Ross Bay cemetery.

### RUNS IN WARD ONE.

W. N. Mitchell Consents to Become a Candidate for the Aldermanic Board.

Responding to the request of a large number of ratepayers who have presented him with a petition, W. N. Mitchell has consented to offer himself as a candidate for a seat at the aldermanic board at the forthcoming municipal elections. He will run in Ward One.

Mr. Mitchell was a candidate last year for similar honors but failed by a small majority. The good run he made on that occasion leads his friends to hope that he will be successful this time. He has been a resident of Victoria for the past four years, having come here from Moosejaw, where he is interested in a large business, and purchased heavily in real estate.

### SIX PERISH.

Lose Lives When Launch Capsizes in the Snohomish River.

Seattle, Dec. 13.—A special to the Intelligencer from Marysville that six men were drowned in Snohomish river to-day when Emil Sahr's fourteen horse-power close-cabined launch turned turtle. There were seventeen persons aboard, but all but six were able to break windows and climb to the upturned keel of

## PRINCESS ADELAIDE SPOKEN OFF 'FRISCO

### Will Reach Victoria on Saturday From Glasgow for Vancouver Night Run

Wireless messages received this morning by the Dominion government wireless station at Gonzales hill, from San Francisco, state that the new C. P. R. steamer Princess Adelaide, en route to this city from Glasgow, Scotland, where she was built, via the Straits of Magellan, was 140 miles south of the Golden Gate at 8 o'clock. Capt. J. W. Troup, manager of the B. C. Coast Service, figures that the Adelaide will dock here on Saturday morning.

During her long voyage of 15,000 miles the Adelaide, in command of Capt. Lindgram, has made very few calls and is making good time. She stopped at Puntas Arenas, Coronel and Calhao for coal and is now on the home stretch. After her arrival here the new addition to the Princesses will be thoroughly overhauled and placed into the best of condition to relieve the Princess Royal on the Vancouver night run, for which sole purpose she was built.

The Adelaide is 289.6 feet in length, 46 feet beam, and 17 feet deep, and, although only built as a 17-knot vessel, on her speed trials she developed 18.28 knots. She has 113 staterooms with double lower and single upper berths, thus making her a suitable vessel for the Vancouver-Victoria night run.

Another C. P. R. steamer is also on her way to Victoria, having been reported at St. Vincent several days ago, in the Princess Mary, built for the Victoria-Comox run to replace the City of Nanaimo.

## RETIRING TRUSTEES SEEK RE-ELECTION

### George Jay and Capt. McIntosh Announce Candidature for School Board

George Jay, chairman of the school board, who retires at the end of this year by rotation, said this morning that he would again be a candidate for re-election on the board.

The other members of the board who retire this year are Trustees McIntosh and Staneland. Trustee McIntosh will stand for re-election again, having made the announcement this morning.

### CORRECTION.

To the Editor:—I am sorry to trouble you again upon this subject, but a printer's error in my letter in your issue of 11th inst. confuses the meaning of the concluding sentence. It should read, the Colonist reporter finds the lady (Miss Terry) tackling (not "cooking") in certain "cute, and kind of stylish attitudes" he so greatly admires here in "polite vaudeville."

C. INEVERY

### VICTORIA DELAYED.

Dense fog in Vancouver harbor delayed the Princess Victoria last night in leaving the Terminal City for Seattle from 11 o'clock until 5 o'clock this morning and as a result she will not reach Victoria until 6 o'clock this evening. The management of the C. P. R. is holding the Princess Beatrice at Vancouver for several hours to accommodate passengers who had intended to leave here on the Victoria this afternoon to connect with the Beatrice, which sails for Skagway tonight. She will await the arrival of the Princess Victoria.

**Are You Interested In Pavements?**

If so, let us tell you something about the different classes of pavements and let us prove to you that the leading pavement is **BITULITHIC.** We can prove this, otherwise we would not state so. Property owners should remember that although there are pavements which are actually cheaper than Bitulithic the cheapest is not always the best. Far from it. A pavement to be perfect must have as its chief qualities, durability, non-slipperiness, easy of maintenance, ease of repair, moderate cost, sanitariness, noiselessness, dustlessness and must not disintegrate with the action of water. Before signing a petition for any particular pavement make the man who is circulating the petition prove that the pavement which he is representing has these qualities. **Force him to prove** his statements and remember that although he may tell you that his pavement costs less than some other pavements it may not be cheaper in the end. Ask about maintenance, durability, non-slipperiness and what action water has upon his pavement.

If he can prove that his pavement possesses these qualities then his pavement is worth petitioning for.

**Columbia Bitulithic Limited.**

MUST PAY DAMAGES.

London, Dec. 14.—P. C. Simmons yesterday was awarded $25,000 damages in the action which he instituted against the Daily Chronicle, alleging that false statements made by the defendant paper caused his defeat in the election of last January. Mr. Simmons was the Unionist candidate for the St. George's division of Tower Hamlets. Immediately preceding the polling, the Chronicle charged that the candidate had helped throw 3,000 men out of employment and further that on the three occasions he had voted against appropriations to feed poor children by the use of public funds.

**Woman's Safe Step to Better Looks**

is not hard to find. If your eyes are dull—if your skin is sallow, or your complexion muddy; if you have no roses in your cheeks, do not bother with cosmetics. Don't risk harmful drugs. Get good, rich blood in your veins, and then you will have the bright looks and charm of perfect health.

**BEECHAM'S PILLS**

are wonderful aids to women and women's looks. If your blood is poor—if you are pale, weak and not up to the mark—your stomach and organs of digestion and elimination are the cause.

Beecham's Pills correct faults. They will help you to good digestion and active kidneys and regular bowels—to freedom from troubles—to purer life-making, beauty-creating blood. In all truth and seriousness, you will find that for good health and good looks, Beecham's Pills

**Will Show the Right Way**

Prepared only by Thomas Beecham, St. Helens, Lancashire, England. Sold everywhere in Canada and U. S. America. In boxes 25 cents.

# CANADIAN FORESTRY QUEBEC CONVENTION

## All Parts of Dominion Will Be Represented at Ancient Capital

Ottawa, Dec. 14.—As short a time ago as the year 1900 the subject of scientific forest protection was practically unknown in Canada, but events have moved so rapidly that the announcement that Sir Wilfrid Laurier has issued a call for a Dominion forestry convention to meet under the auspices of the Canadian Forestry Association in the city of Quebec, January 18-19, 1911, has resulted in such an amount of interest being aroused that it is now practically assured that a great working convention will be the result.

As the result of previous conventions and the work of the Canadian Forestry Association, Fish and Game Association and similar organizations the public mind has been considerably aroused on the question of conservation and the aim of this convention will be to point out practical ways in which this aroused and enlightened public opinion can work to save Canada's forests and all that depend upon them.

Upon the mantenance of forests on the non-arable lands about the headwaters of our streams depend the evenness of flow, the water powers and the navigation capacities of our rivers. Hence arises the importance of the forests to the manufacturer for his power and to the shipper who uses the waters of rivers and canals for the transportation of freight. Agriculture is badly affected by too close cutting, and much more by the ruthless destruction of our forests.

The railways need ties and lumber, the mines the props, without which mining cannot be carried on. Cities need power and good water. People need hunting and recreation grounds and health resorts.

The tourist travel to a well-forested back-country will be an immense trade, bringing millions into Canada when properly developed. These are apart from the first use of the forest—that of providing fuel, logs for the sawmills and the raw material for furniture factories, wagon factories, handle factories and a hundred other industries.

The commission of conservation, of which Hon. Clifford Sifton is chairman, will meet in the city of Quebec the same week, so that there will be a gathering of experts and administrators to give the statistics and the technical side, while the forestry convention will translate these into practical work and show what the people and the governments of Canada should do to save and develop the great asset this country has in forests.

The names connected with this convention show how the conservation idea is gripping Canadians. His Excellency Earl Grey is patron of the Canadian Forestry Association, Sir Wilfrid Laurier is honorary president, Senator W. C. Edwards, one of Canada's foremost lumbermen, is president, and Geo. Y. Chown, of Queen's University, vice-president. The ministers of crown lands in the different provinces are territorial vice-presidents, as is also the Archbishop of Montreal. R. L. Borden, M. P., is one of the directors.

On this board from the province of Quebec are Hon Sydney Fisher, William Little, E. G. Joly de Lotbiniere, E. Stewart, H. M. Price, Ellwood Wilson, G. C. Piche, Alex. MacLaurin and Carl Riordon. Ontario is represented by Aubrey White, deputy minister of crown lands; Hiram Robinson, Thomas Southworth, J B. Miller, Hon. W. A. Charlton, Gordon, C. Edwards and Dr. B. E. Fernow. Mr. Campbell, Dominion superintendent of forestry, is a director, as also W. B. Snowball of New Brunswick, F. C. Whitman of Nova Scotia, and A. P. Stevenson of Manitoba. It is unnecessary to mention these further. Their names in their several provinces are sufficient. The secretary, to whom all inquiries may be addressed, is James Lawler, Canadian building, Ottawa.

The premier of Quebec, Sir Lomer Gouin, and the members of his cabinet, are taking the greatest interest in this matter.

Hon. Jules Allard, the minister of lands and forests, is personally looking after the details in conjunction with a committee of the association in the city of Quebec. The railways have granted special rates, and altogether the meeting in the city of Quebec, January 18-20, promises to be one of the most important ever held in Canada.

CONFESSES SHOOTING HUSBAND.

Philadelphia, Dec. 14.—Mrs. Mary Clapp, wife of Herbert Clapp, a millionaire clubman, mysteriously wounded at his home Monday night, yesterday confessed that she shot her husband to protect her own life.

"But I didn't want to kill him," she moaned. "I shot him before I thought. I didn't want to kill him."

When she became a little more quiet she told the circumstances leading up to the shooting.

"I only wanted to fix him so he could not hurt me," said Mrs. Clapp, as a preface to the story. "He attacked me first and I wanted to protect myself. I didn't want to kill him."

Clapp probably will recover. He is very bitter against his wife, saying that he intends to press the charge of "attack with intent to kill," which has been lodged against her.

Mrs. Herbert Clapp was released yesterday on $2,500 bail.

# HENRI BOURASSA GIVES HIS VIEWS

## Says Federal Empire is Geographically Impossible and Politically Undesirable

London, Dec. 14.—Mr. Henri Bourassa is keeping so much out of the public eye in Paris that the French journalists seem unaware of his presence. A somewhat startling interview with him appears, however, in the London Daily Mail by the well known war correspondent, William Maxwell.

Mr. Bourassa, it is reported, made the following reply to Mr. Maxwell's forecast that in a few years the west and not Quebec would hold the balance of power in Canada: "In fifteen years, and before that time comes, the eastern provinces of Quebec, Ontario, Nova Scotia and New Brunswick will have become French in language and Roman Catholic in faith."

Mr. Maxwell declares that the root of Mr. Bourassa's overmastering ambition is a French enclave, with the Monroe Doctrine inscribed on its borders and a complacent and docile confederation bowing at its door and pleading to be admitted to the freedom of the Atlantic coast.

Mr. Bourassa added: "A federal empire is geographically impossible and politically undesirable. If you leave Canada like the rest of the empire, to develop her own national and ethnic traditions, separation will be slow and the process will be friendly. We shall continue to be the best allies of Britain; and Britain, like other nations of Europe, will find it to her advantage to preserve, in North America, the independence of a country which will serve as a counterpoise to a United States invasion."

CHARGE AGAINST CONSUL.

U. S. Representative at Quebec Alleged to Have Misrepresented Pulpwood Situation.

New York, Dec. 14.—The paper committee of the American Newspaper Publishers' Association has sent a letter to the government tariff board pointing out that the United States consul at Quebec in reporting upon the available pulpwood supply for American paper mills from private forests in Quebec "has suppressed data that had been furnished to the consul by the highest official authority in that province, and that the consul had misrepresented the situation."

The consul's report said the recent prohibitions "will not have the effect of reducing the quantity of pulp wood for export for some years to come, and perhaps never," implying that all the present needs of the American market, that is one million cords of pulpwood per annum, could be obtained from private forests.

According to the committee, the suppressed data from official sources showed that only 330,000 cords per annum would, under present restrictions, be available for the American market.

The letter charges that an area of 180,000 square miles of public forests had been withdrawn as a source of supply, and that the private forests now available measure approximately 7,800 square miles, or one-twentieth of the total forest area, that half the private forests are in hard wood, not spruce; that nine-tenths of the private forest areas have been ruthlessly lumbered for other woods; that the eastern section has been exhausted. It is asserted that forest fires have reduced the available supply; that part of the area is inaccessible; that Canadian mills are taking 200,000 cords a year for their uses from the private forests.

It is declared that 5,000,000 cords have already been cut from those private forests to supply American mills, and that the countervailing and retaliatory duties which the Payne-Aldrich tariff imposed have put a premium of $1.92 per cord upon the cutting of wood from private lands in Quebec. It is said that the supply is so inadequate that the Canadian manufacturers paid $180,000 last year in additional duties to the United States because they were forced to use wood cut from public lands. On behalf of those who pay $60,000,000 a year for news print paper, the committee "protests against one-sided and colored reports."

## Notice to Advertisers

Owing to the rapidly increasing circulation of the Times and the growing demands for space, it has become absolutely necessary to place a limit upon the time at which changes for advertisements will be accepted and guaranteed publication. Copy for changes must be handed in to the business office not later than 5 p. m. the previous day.

Arrangements for the insertion of new advertisements must be made before 10 a. m. day of publication. Classified advertisements before 2 p. m.

The above rules are made for the benefit of readers of the Times, who insist upon the paper being delivered as early in the evening as possible.

### BREAKS WITH ITS LEADERS.

The Colonist says there is no reason for anyone to contend that the Conservative party does not stand where it has always stood in the matter of naval defence. If that be the case, our contemporary must differentiate between Conservative leaders and the Conservative party. During the parliamentary session of 1909 a resolution was unanimously passed in the House of Commons declaring for the speedy construction of a Canadian navy as the most effective and the only permanent means of assisting the Mother Country in the task of defending the Empire. Mr. R. L. Borden supported that resolution. Mr. Foster delivered a strong speech in favor of it, and it was at his instance that the word "speedy" was inserted. Every Conservative in the House, with the exception of the Quebec lieutenant of Mr. Borden, Mr. Monk and his insignificant following, voted for it. But, as a result of the election in Drummond and Arthabaska, the Conservative leaders thought they saw a new and hopeful light, which like the Israelitish pillar of cloud and pillar of fire might lead them into the promised land of office. On the first opportunity in the year 1910 they faced to the right about and voted for a resolution that no Canadian naval policy should be inaugurated until a referendum had been taken and the wishes of all the people of Canada ascertained. The declaration of the Victoria Colonist, therefore, must mean that it speaks for the Conservative party and that the present leaders of that party when they deliberately eat their words in the hope of securing the support of the Quebec Nationalists forfeit the position of leadership. It will be well for the Conservative party ultimately if the Colonist in taking this position expresses the popular party view.

### SEA ACCIDENTS.

The loss of the steamer Olympia draws attention once more to the dangers of coast navigation and makes people wonder why there should be so many wrecks. It is a difficult question to discuss, and one which may not have any good results, but the fact remains that the number of vessels going ashore on this coast is unusually large. There may be several causes which bring this about. It may possibly be that the difficulties are so great that it is impossible to avoid accidents; it may be that the men are not competent to do the work entrusted to them; or it may be that the conditions under which ships are operated make the risk too great.

Accidents seldom occur at what are considered the most difficult points, and seldom when the weather or other conditions are at their worst. When there is very bad weather the captain is always on the bridge, and is usually accompanied by his chief officer. Strict attention is paid to the navigation of the vessel, and a mistake is seldom made. It is when the officer on watch is off guard that mishaps occur. The skipper is taking his rest below and the ship is in charge of a subordinate officer. Then comes the crash on the rocks, and the passengers awake to the fact that the vessel is a wreck and that their lives are in danger.

There are many occasions when the captain of a vessel has to take chances in piloting his ship, but the knowledge that he is taking those chances makes him so alert that the danger is minimized.

The loss of life is not great at sea. Travel thereby is quite as safe as travel by land, perhaps more so, but that is no reason why there should continue to be accidents. Governments have done a great deal to minimize the dangers of navigation by erecting lighthouses and establishing buoys, beacons, and foghorns. Captains of steamers usually have from their employers instructions to take no risks whatever, but they delight in breaking records and doing deeds of daring. No insurance risk ever covers the actual loss to the owners of a wrecked coaster. The loss of business alone is sufficient to make companies anxious to avoid such catastrophes. It is their desire to show that sea travel is safe, because if an impression got abroad that it were not they would not get the business of the public. Why is it, then, that these accidents continue to happen, and that with appalling frequency?

Many a scion of the nobility is the poorer for making his wish the father of his thoughts on election matters.

* * *

After all Germany's navy is not such a formidable affair, and at the present rate of construction is not gaining much. There is no need to get excited.

* * *

The people who shop early are the ones who get the pick of the goods. There will be a rush during the last few days preceding Christmas that will make shopping anything but a delight.

* * *

"Beaten to a frazzle" has become a classic phrase. It has been used by the Home Secretary of Great Britain, the son of Lord Randolph Churchill. It must have startled the good people of Dundee to hear such language.

* * *

Ottawa Free Press: "New York has too much snow and is complaining. Ottawa has not enough snow and is also complaining. This is a pretty hard world to satisfy." Victoria has no snow, and is not likely to have any, and is entirely satisfied.

* * *

The immigration agent at Lethbridge, who has been unusually busy deporting undesirable immigrants recently, says that nine out of every ten of those returned to the United States because of their inability to support themselves or for other reasons, are cigarette smokers.

* * *

It is easy now to see which of the election prophets were false ones, and there are a great many people who are now saying "I told you so." We might make such a remark with all truthfulness, but it is sufficient that victory has come to the side which we think deserved to win.

* * *

The sympathy of the community will be extended to Mr. and Mrs. R. T. Williams on account of the death of their daughter Phyllis under such sudden and melancholy circumstances. Miss Williams was a young lady of a very attractive disposition with a highly promising career before her, and the announcement of her sudden death will give a severe shock to the many friends of the family, who are amongst the oldest of the pioneers of Victoria.

* * *

There is never any difficulty in getting volunteers to enter a mine after an explosion in spite of the fact that the men know perfectly well they are carrying their lives in their hands. The brave men who lost their lives at Bellevue, Alberta, when in search of their unfortunate comrades died like heroes in doing their duty. These calamities are much to be deplored, but the heroism of the men thrills us with pride in the knowledge that they were fellow-Canadians and that they were not afraid in the hour of need.

## FINANCING OF SOOKE SCHEME

(Continued from page 1.)

waters thereof, and all waters tributary thereto, and all waters which can be made tributary thereto, as a source of an additional water supply for the city of Victoria, to conserve the said waters by means of dams and other works, and to acquire sufficient land around the said lake to insure that the water shall be kept clean and healthful, and to convey the said water into the city of Victoria by means of a tunnel or tunnels or pipe lines, or by means of a tunnel and pipe line combined, and to join the same to the system owned and operated by the city of Victoria.

"2. The said water commissioner, subject to the approval of the said council, shall as soon as possible proceed to acquire the said waters and sufficient real property around the said lake to insure that the water shall be kept clean and healthful, and shall make, or cause to be made, such preliminary plans, surveys, and estimates of the manner and cost of conserving the said waters and of conveying the same to the city of Victoria, and joining the same to the waters of the system at present owned and operated by the said city.

"3. The said water commissioner shall be, and he is hereby from time to time authorized to enter into an agreement or agreements with a contractor or contractors for the doing of the said work of conserving and of conveying said waters, or such parts thereof as may be deemed proper, which said agreement or agreements shall be subject to the approval of the council, and also subject to the approval of the electors entitled to vote upon by-laws by virtue of sub-section 2 of section 75 of the Municipal Clauses Act, and any such contracts or agreements so negotiated shall be of no force and effect until after the same shall have been approved of by a majority vote of such electors."

The remaining clauses merely follow the necessary legal phraseology to make the by-law complete.

—The work in connection with the installation of the cluster light system on Douglas street, from Humboldt to Fisguard, is well advanced and the new lights will be ready for operation at the end of the week.

## LOCAL NEWS

—Don't forget the City band concert Sunday next at 8:15 p. m., at Victoria theatre.

—The Canadian-Australian steamship Moana will reach the William Head quarantine station this afternoon at 5 o'clock.

—The annual speech day of the University school will be held on Friday afternoon, commencing at 3 o'clock. Rt. Rev. Bishop de Pencier, New Westminster, will present the prizes.

—Track Superintendent Riddell, of the B. C. Electric Railway Company, has a large gang of men at work on Bay street putting in the track which will connect the Government and Douglas street lines. The job will occupy some three weeks.

—Rev. John O'Meara, who for years past has felt such an interest in the welfare of the Indians of this province that he has sought remedies through parliament and the legislature for grievances they are alleged to have, had a conference this morning with Premier McBride, to whom the present situation was fully explained.

—Members of the detective police force are inquiring into a fire which occurred yesterday at the Kingston street school, where one of the school rooms was slightly burned before the flames were subdued. Fire Chief Davis made an inspection of the building. The fire is believed to have been started by boys playing with matches, but the originators are not yet discovered.

—In the supreme court jury trial of Boon against Brown and McCabe, in which the plaintiff claims damages for injuries received while employed as loader on the ship Elginshire in July last, was continued this morning. Evidence for the defence and addresses of counsel were heard. The jury retired shortly after noon and had not returned a verdict at the time of going to press.

—After occupying the B. C. Marine ways for several months past, the C. P. R. northern steamer Princess May, which ran high and dry on Sentinel island in July, was launched yesterday afternoon. All the punctured plates and broken ribs have been replaced by new ones and the May is looking spic and span, once again to continue her regular sailings to Skagway and other northern ports.

—At a largely attended meeting of the auxiliary of the Anti-Tuberculosis Society, held this morning in the drawing room of the Balmoral hotel, the clear receipts for the Cafe Chantant entertainment held recently in Institute hall were announced to be $1,266. This result is most gratifying to the auxiliary and public acknowledgment will be made at a later date to all who assisted in any way to make the affair a success.

—The remains of the late John O. Jose were laid to rest in Ross Bay cemeter this morning, the funeral taking place from the B. C. Funeral Company's parlors at 10.30 o'clock. The services were conducted by Rev. Gilbert Cook and the hymn, "Nearer My God to Thee" and "Jesu, Lover of My Soul," were sung at the chapel. The members of Court Camosun, A. O. F., under whose auspices the funeral took place, attended in a body. Many other sympathizing friends were present. The pallbearers were: J. Marshall, F. Jenkins and W. McKay, representing the A. O. F.; W. Millett, M. C. Lowe and A. R. Havers.

### PERSONAL.

Ernest McGaffey, secretary of the Vancouver Island Development League, has returned from Portland, where he was attending the Oregon good roads convention. In addition to a forty-five-minute talk to the convention Mr. McGaffey did a lot of missionary work and wrote special articles for all the Portland and Seattle dailies on Victoria and Vancouver Island.

* * *

Mrs. L. U. Conyers, 1419 Fort street, will not receive to-morrow, nor again until the third Thursday in January.

* * *

Mr. and Mrs. R. J. Herbert, Mt. Pleasant, Vancouver, their Victoria friends will be pleased to hear, have welcomed a baby boy.

## OVER SCORE KILLED IN VIRGINIA MINE

Bluefields, W. Va., Dec. 14.—Twenty-two miners were killed and 26 entombed in the Green mine at Tacoma, Virginia, according to a report received here this afternoon.

A terrific explosion occurred in the mine. Rescue parties have been organized and rushed to the scene of the disaster.

The reports of the number of dead have not yet been confirmed.

The Green mine is 100 miles from here and is the property of the Bond Coal Company.

Superintendent James Browning, it was learned, entered the mine just before the explosion and is among those killed.

It is believed that the explosion resulted from ignition of gases by a miners' lamp.

Five Bodies Recovered.

Bristol, Tenn., Dec. 14.—It was reported this afternoon that 26 miners entombed in an explosion at the Green mine at Tacoma, Virginia, are dead. Five bodies have been recovered in the shattered workings.

### EXECUTED FOR MURDER.

Man Who Killed His Wife Says Drink Was Cause of Trouble.

(Special to the Times.)

Perth, Ont., Dec. 14.—Rufus Weedmark was hanged at 6.30 this morning for strangling his wife at Smith's Falls.

Weedmark made a long confession to his spiritual advisers, in which he attributed his trouble to whiskey. Drink, he said, was the cause of the quarrel he had with his wife. He admitted that his sentence was just, but seemed terribly cut up at the disgrace of his crime and the penalty inflicted on his innocent children. He was visited for the last time yesterday by his daughters. One tot six years of age climbed on his knee and asked, "Why don't you come home with us?" The old man burst into tears.

Weedmark this morning dressed himself carefully in his best clothes. Before his execution he returned thanks to the guards and others who had shown him consideration.

### WOMEN AS JURORS.

Olympia, Wash., Dec. 14.—Sitting in the jury box without removing their hats, five prominent Olympia women listened all afternoon and until late last night to the testimony and the arguments of the lawyers who are trying the case of A. Koch, a milkman, against Fouls and Canfield, street contractors. Koch complains that a blast set off by the contractors caused his team to run away and do damage to the extent of $10.

Six women were called, but Mrs. E. B. Graves, president of the Humane Society, sent a physician's certificate stating she was ill. The court excused her, and by stipulation the other five women were selected to try the case.

With the exception of Mrs. Graves, the court refused to excuse any of the women called, although each offered an excuse, varying from not being a taxpayer or a resident of Olympia, to the simple "just because" a woman.

According to attorneys here this is the first time in Washington, if not in the United States that a female jury drawn from a venire of women only has been selected to try a case. Judge Giles, of the Justice court, who presides, declares that the jury of women is far superior in every way to any jury that ever sat in his court.

After being out exactly an hour the women returned a verdict in favor of the plaintiff, awarding the full amount of damages asked.

### MRS. EDDY'S WILL.

Concord, N. H., Dec. 14.—The will of Mrs. Mary Baker G. Eddy was filed for probate here this afternoon.

Henry M. Baker, executor under the will, filed the document, which contains two codicils. One revokes the gift of Pleasant View, the Concord estate, to Calvin Frye, and increases his bequest. In addition there are many bequests to members of Mrs. Eddy's household.

The residue of the estate, amounting to about $1,500,000 goes to the mother church at Boston.

### ELECTRIC TRAINS COLLIDE.

Eighteen Persons Injured in Accident on Interurban Line Thirteen Miles From Tacoma.

Tacoma, Wash., Dec. 14.—According to physicians at the Fannie Paddock hospital to-day, Mrs. S. W. Stimson, thought to be fatally injured in a head-on collision between the Seattle Limited on the interurban electric line and a Tacoma local train, will recover, following an operation which was performed on her late last night. She is resting quietly to-day.

In all, 18 persons were injured in the crash, none seriously. Five of those taken to the Paddock hospital last night were sufficiently recovered to leave for their homes to-day, their principal injuries consisting of bruises and cuts sustained when they were thrown from their seats by the impact of the heavy cars. All of the windows in both trains were shattered and nearly every person aboard the Limited was cut by the flying particles of glass.

The wreck occurred near Farrow Siding, 13 miles from Tacoma, about 9 o'clock last night, and was directly due to a dense fog.

### SEEK FREEDOM.

San Francisco, Cal., Dec. 14.—Because the defence of E. L. Smith, Mrs. Smith, J. F. Woodson and James Woodson, charged with having stolen gold bullion from the steamer Humboldt, was not prepared to argue a petition for a writ of habeas corpus, Superior Judge Cabanis to-day continued the case until to-morrow. The defendants are held in default of $2,500 each.

Attorney J. A. Campbell asked that the case go over until Friday, but the court decided that if the defendants were being restrained of their liberty illegally the matter should be decided as soon as possible.

### SHOT BY GUARD.

Vancouver Barracks, Wash., Dec. 14—While trying to escape from custody yesterday, Harry Francis, a private in Battery "B" Second Field Artillery, was shot dead by the guard, Albert Bowling, a private in Company "A," First Infantry. Francis was under arrest on charge of desertion.

### AYLESWORTH'S STATESMANSHIP

Mr. Aylesworth's tribute to King Edward as a friend of peace and of the settlement of international disputes by arbitration was worthy of the best traditions of Parliament. The Minister of Justice may yet be able to take part in arbitrations held under the unlimited treaty of arbitration between Great Britain and the United States that the statesmen of both countries seek to bring into operation.—Toronto Globe.

—For the Kiddies—Enamel cups, saucers and plates. Look like china but wear like iron. 50c and 75c per set. Children's knife, fork and spoon, 25c up. R. A. Brown & Co., 1392 Douglas St.

—Application for the establishment of fruit-packing schools in this district was made by the directors of the Victoria Fruitgrowers' association in a conference held yesterday with R. M. Winslow, provincial horticulturist. They asked for such schools at Saanich, Cedar Hill and Gordon Head, Metchosin and Cowichan. Mr. Winslow informed the fruitgrowers that he had already taken up with prominent residents the possible establishment of a school for Salt Spring Island. It is hoped to get these schools under way in January, the instructor being Mr. Gibb, of Kelowna, a very capable man.

—All officers and members of Victoria lodge, No. 17, Knights of Pythias, are requested to meet at 7.30 sharp on Thursday evening instead of the usual time, as a social is to be held at 8 o'clock. All members and their friends are cordially invited to be present at the latter.

—H. S. Griffith, architect, is calling for tenders, which are receivable up to noon of Saturday next for the construction of a brick office building for P. R. Brown, to be erected on Broad street on the site of the Bownass block, which was destroyed in the recent big fire.

—At the regular meeting of Pride of the Island Lodge, S. O. E., five new members were initiated and the following officers were elected: Past president, Bro. Pomeroy; president, Bro. Burke; vice-president, Bro. West; chaplain, Bro. Bussey; secretary, Bro. Dawson; treasurer, Bro. Norman; first com., Bro. Richards; physician, Bro. George Hall.

### WEATHER BULLETIN.

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, Dec. 14.—5 a. m.—A low area lies off the Queen Charlotte Islands and rain is falling at Tolmie Island, but the pressure is increasing in this province, a vast area of high pressure being central in the North Pacific states, and these conditions are causing fair weather with lower temperatures. In the prairie provinces the pressure is giving way and the weather is fair and warmer.

Forecasts.

For 36 hours ending 5 p. m. Thursday.

Victoria and vicinity—Light to moderate winds, generally fair, with stationary or lower temperature.

Lower Mainland—Light to moderate winds, generally fair and cold.

Reports at 5 a. m.

Victoria—Barometer, 30.21; temperature, 41; minimum, 41; wind, calm; weather, cloudy.

New Westminster—Barometer, 30.24; temperature, 34; minimum, 32; wind, calm; weather, cloudy.

Edmonton—Barometer, 30.18; temperature, 24; minimum, 14; wind, 6 miles S.W.; weather, clear.

Winnipeg—Barometer, 28.88; temperature, 18; minimum, 18; wind, calm; weather, clear.

Victoria Daily Weather.

## APPEAL BY HINDU AGAINST SENTENCE

### Special Sitting of Court Yesterday Heard Arguments in Vancouver Assault Case

Arguments were concluded and judgment reserved in the Court of Appeal yesterday afternoon in the stated case of Inman Din, who appealed from a conviction and sentence of ten years received in the county court judge's criminal court in Vancouver for an assault on a boy of tender years.

The conviction was based on evidence of the lad, 9 years of age, and his brother, 6 years of age, and as there was no corroboration of the boys' evidence the appellant applied for a stated case. The appeal is based on the grounds that the evidence of the younger boy was inadmissible and that Judge McInnis heard one charge and, without disposing of it, heard a second against the same accused. The first charge was eventually dismissed while the second resulted in conviction, and the appellant holds that the judge's mind was influenced in the second case by the evidence of the first.

J. A. Russell appeared for the appellant and H. A. Maclean, K. C., for the crown.

—Out of thirteen candidates who recently wrote on an examination for certificates of competency as steam boiler inspectors, only two passed, Fred Bath and Fred Biggan.

—Residents of Harbinger avenue complain of the condition of that thoroughfare. They state that at present one-third of the street is occupied by a stone pile the full width of the roadway and from ten to twenty feet in height. The balance of the street is so muddy that drivers of horses refuse to venture on it.

—At the second annual meeting of the Victoria City Concert Band the following officers were appointed: Preat., W. Fairall; secretary, C. L. Thompson; treasurer, J. Ball; executive committee, D. Sheret, G. Okell, T. White, G. Steadman, A. Ingram; conductor, E. Pferdner; deputy conductor, G. Eastwood. The band is now in a good state of organization and musters a strong aggregation of fine musicians. Those who listened with pleasure to the first Sunday evening concert given a short time ago in the Victoria theatre will enjoy another treat next Sunday evening when the band will maintain the good impression they have already made by furnishing a high class programme of selections, vocal and instrumental solos, etc., further notice of which will appear later.

### BASKETBALL SCHEDULE.

A meeting of the Victoria Basketball association was held at the Y. M. C. A. the other evening, when part of the schedule for the coming season was arranged. Referees for the season will be chosen and the rest of the schedule arranged next Friday evening, when another meeting will be held.

The season will open on December 19, when three senior games and two intermediate games will be played. Each game will be played at the hall of the first-named club, as follows:

Senior.

Esquimalt vs. Y. M. C. A.
J. B. A. A. vs. Knights of Columbus.
Victoria West vs. 5th Regiment.

Intermediate.

Victoria West vs. High School.
J. B. A. vs. Esquimalt.

"Frederick W. Prince, the well known California lecturer, will be in Western British Columbia during the second week in December. He will appear in Victoria on the night of the 19th. He will give one lecture at Victoria this season and one at Westminster and Nanaimo. Everywhere, from Winnipeg west, his pictures and lectures have received the highest praise. A rare literary and pictorial treat is promised the people of Victoria and vicinity and they are to be congratulated upon having Mr. Prince and his incomparable 'Travel Talk' for their entertainment."

—The total bank clearings for the week ending yesterday were $2,294,033.

NATIONAL LEAGUE SCHEDULE

New York, Dec. 14.—After re-electing Thos. J. Lynch, president of the National League, the baseball magnates yesterday voted to adopt a 154-game schedule, bringing the playing season to a close October 1, 1911. A contest over the schedule preceded the regular meeting but the supporters of the short season controlled the question and a compromise was effected whereby those favoring even a shorter schedule agreed to meet the Murphy-Robison forces half-way and acceded to a playing table of 154 games.

**McLAUGHLIN BUICKS**

## EMPRESS CLUB BOXING TOURNEY

Annual Amateur Tournament to Take Place January 2 at A. O. U. W. Hall

The Empress Athletic club will hold their annual boxing competitions on January 2 at the A. O. U. W. hall. Frank Cox, the secretary, has been busy for the last few weeks getting all the arrangements in hand, and it looks as though this year's competitions will surpass those of past years.

Negotiations are being made to match Joe Bailey and Billy Hill. Hill has signified his willingness to meet the Victoria West man at catchweights and it is very likely that Bailey will take him on.

Karl Shutts, the Y. M. C. A. boxer, and Gunner Greer, will be matched together. Gunner Greer is no novice at the game and he believes he can master Shutts, so they will enter the ring at 145 pounds. Billy Lane, of the Empress, will go up against Gunner Brown, of the Garrison, in a return match. It will be remembered that at last year's tournament Lane got the best of the soldier. The soldier this time is determined to get level terms and no doubt a great match will take place.

Johnnie McKay, the new arrival from Toronto, will be matched with Frank Scott, of the Y. M. C. A.

Willie O'Keef, Young Peddler Palmer, Harry Johnson, Sailors Truscott and Trumbell, Joe Fox, Billy Kersey, Scott, Jack Hill, Cyclone Scottie, George Woodley and other well-known artists will in all probability take part.

JACK JOHNSON READY.

"If Mr. Jeffries would like to come back and try to regain his old title I would be delighted to take him on," said Jack Johnson the other day in Chicago.

Johnson's readiness to do battle with the former champion has a string to it in a conditional promise that he shall receive a bear's share of the purse.

Meanwhile the husky dark champion is doing regular road work and is ready to take on any hopes of the white race that desire to dispute his title.

While waiting for the best one of the rising "hopes" to develop, Johnson is using Jack Moynihan as a sparring partner and will send Moynihan in as trial horse against the younger aspirants.

## FIRST ROUND DRAW FOR ENGLISH CUP

Teams Will Come Together in It on Saturday Next

A remarkable feature of the first round draw of the English cup competition is that with the exception of Newcastle and Bury, Birmingham and Oldham, the first division teams steer clear of each other. The draw looks more like a qualifying round than anything else, but some good games should result in some of the matches.

The draw for the second round will bring together some of the crack clubs. The first round will be played next Saturday, as follows:

New Brompton vs. Bradford City.
Chelsea vs. Leyton.
Derby County vs. Plymouth.
Bolton Wanderers vs. Chesterfield.
Middlesborough vs. Glossop.
Leeds City vs. Brighton.
Watford vs. Barnsley.
Sheffield Wednesday vs. Coventry.
Southend vs. Blackburn Rovers.
Sheffield United vs. Darlington.
Grimsby vs. Croydon Common.
Tottenham Hotspur vs. Millwall.
Norwich vs. Sunderland.
Brentford vs. Preston North End.
Bradford vs. Queen's Park Rangers.
West Bromwich Albion vs. Fulham.
Stoke vs. Manchester City.
Swindon vs. Notts County.
Liverpool vs. Gainsborough.
Clapton Orient vs. Woolwich Arsenal.
Bristol City vs. Crewe or Carlisle.
Northampton vs. Rochdale or Luton.
Exeter vs. Burnley.
Blackpool vs. Manchester United.
Newcastle vs. Bury.
Bristol Rovers vs. Hull.
West Ham vs. Notts Forest.
Leicester Fosse vs. Southampton.
Crystal Palace vs. Everton.
Portsmouth vs. Aston Villa.
Wolverhampton vs. Accrington.

### SPORT NOTES

Providing their entry, which is to be sent over in a few days, is accepted the senior eight of the Ottawa Rowing Club will leave on June next to compete at Henley for the Grand Challenge. It was originally settled to send the crew in May, but the club thought it just as well to let them train in Canada until the middle of June. They will thus be in the Old Country a fortnight before the race.

* * *

King George's first visit to Newmarket next year will take place during the second July meeting. The King is one of the greatest racing enthusiasts in the world, and he has done a lot to promote horse-racing. He is himself the owner of some of the finest racers running on the turf to-day.

* * *

The gymkana which is to be held under the auspices of the Victoria Hunt Club is by all accounts going to be a huge success. The date has not been definitely fixed yet, but it will be some time about the New Year. Mrs. Cox, who has recently taken a part of the horse show building as a riding school, is sparing no energy to make it a huge success.

* * *

The University of Toronto Lacrosse Club, inter-collegiate champions of America, have decided to send a team to tour England next year.

* * *

A meeting of the Victoria Basketball Association will be held at the Y. M. C. A. next Friday evening at 8 o'clock sharp, when the referees for the coming season will be chosen.

* * *

A meeting of the North Ward management committee will be held at the North Ward Club rooms on Friday evening at 8 o'clock sharp. All are requested to be on time.

* * *

Aboard the Saturday afternoon train for Duncan will be a basketball team, which will support the colors of the Victoria West Athletic Association in a game to be played against the Duncan quintette, champions north of Victoria, on Sunday afternoon, at the formers' hall. The locals have not yet selected their team but promise to send a crack aggregation trained to the minute, to give the farmers a thorough beating.

## COAST CRICKETERS MAY AFFILIATE

Movement on Foot to Link Up All Canadian Organizations —Big Tourney in Toronto

Toronto, Dec. 14.—The officers of the Canadian Cricket Association hope to have representatives present from Halifax to Victoria at the next annual meeting followed up by a cricket week in Toronto next summer, with clubs representing the four affiliated organizations doing battle on the crease at Rosedale.

The Ontario C. A. and the Eastern Canada C. A., the latter representing Ottawa, Montreal and all east to the Atlantic, are at present the only members of the C. C. A. though the western C. A. has accepted all conditions and will send a delegate to Toronto from Winnipeg. J. H. Senkler, K. C., of Vancouver, and Alexis Martin, of Victoria, are looking after the British Columbia end of the federation, and the far west is expected to declare itself in accord and have a representative in attendance when the Canadian Cricket Association elects the next set of officers.

It is also probable that New York and Chicago will send representative teams to compete with the four elevens representing the Dominion affiliated bodies, at least it is the intention of the Canadian Association to send invitations to its Gotham and Windy City friends to do so.

Eastern Cricketers May Come.

Seattle, Dec. 14.—The Seattle Cricket Club at its annual meeting to-day will consider plans to bring to the coast next summer a famous team of cricketers from Philadelphia. In correspondence regarding the project the Philadelphia eleven has expressed its desire to make the visit. The local men believe it easily possible to make the arrangements, as the assistance of the Portland, Vancouver and Victoria clubs can be enlisted by providing a schedule of matches for each city.

**What Will You Give the Boy For Christmas?**

Lots of suggestions here:—Footballs, Striking Bags, Air Rifles, Small Bore Rifles, Pocket Knives, Roller Skates, Ice Skates, Football Boots, Hockey Sticks, Baseball Gloves, Cricket Bats, Fishing Rods, etc., etc. Popular prices.

Successors to J. Barnsley & Co.

**THORPE'S SODA WATER**

Made From Water From Which All Germs Have Been Removed

TO many women the most puzzling problem that Christmas brings is, "What shall I get him?"

The list of possibilities seems surprisingly small, and as you run over them, and over them again, nothing seems to quite suit. It is *so much harder* to buy for a man than for a woman.

Wait a minute!

Have you thought of the Gillette Safety Razor?

*That's* a gift worth while.

A Gillette, whether Standard Set, Pocket Edition or Combination Set, in gold or silver plate or gun metal finish, *looks good*—and *is good*. To the man who has used the open-blade razor or a make-shift safety, the Gillette is a revelation of comfort and convenience.

"But," you object, "he always goes to the barber."

Does he? Then he wastes a week's time or more every year, to say nothing of money. The Gillette will give him a clean, comfortable shave in three minutes, every morning in the year.

You see the Gillette habit is well worth encouraging.

Your hardware dealer, druggist or jeweler can show you a splendid selection of Gillettes.

**Standard Sets, $5. Pocket Editions, $5. to $6.**
**Combination Sets from $6.50 up.**

The "Gift Centre" Victoria, B. C.

## SAANICH COUNCIL TO SUPPORT CITY

### Will Oppose Oak Bay's Application—Business Done at Council Meeting

The regular meeting of the Saanich council was held in the municipal chamber, Glanford avenue, on Saturday afternoon. A large budget of business was disposed of.

Three sub-division plans were submitted for approval. Petitions were received for street improvements and sidewalks and but for the preparations for the coming elections on January 12 it looked more like the beginning than the end of a fiscal year.

The much-discussed road from Royal Oak to Cordova Bay beach received a good start. The government will aid in its construction to the amount of $300 if the owners of land directly benefitted spend a like sum. The council has $50 appropriated and when this money is all spent a passable way to the beach should be well under way. When completed this road will bring the Royal Oak station within two miles of the Victorian summer camp at Cordova Bay.

Another source of contention, the municipal hall, will soon be removed from the stage. Two sites will be submitted to the electors to choose from at the coming election, one at Royal Oak station and the other near the city limits, and the hall will be built where the majority decide.

J. R. Carmichael was appointed returning officer at the coming election and his deputies will be the same as last year.

The court of revision will sit on Tuesday, January 3, at the council chambers.

J. Peirson wrote that the audit would be completed in due time when a report would be submitted.

F. V. Hobbs asked leave to remove some boulders from the road; part of it near his property at his own expense. The request was granted subject to the approval of the road superintendent.

J. D. Brown wrote informing the council that he was erecting a 6-roomed house near the corner of Tolmie and Quadra streets. He wanted permission to lay a water pipe from the city main to connect. This was referred to the clerk and city water commissioner for report.

E. Sinclair, Maywood, complained of the congestion of water on Quadra and Kenneth streets. This matter was attended to.

S. Childs wrote on behalf of John Glover offering to sell part of his lot for road purposes to avoid cutting through a rocky bluff. Referred to road superintendent to report at next meeting.

D. R. Harris submitted a plan of section 16, sub-division 6 and 7, map 85, for approval. This was referred to the road superintendent to examine the possibility of the proposed road allowance and report.

H. T. Oldfield wrote that he was not prepared yet to state what compensation he would ask for opening a road about 300 feet long along his section line near Prospect lake.

H. D. Twigge, representing Capt. Elliston's estate, asked for an interview with the reeve re stoppage of water through insufficient pipe. The request was granted.

An invitation was received from the principal of the University school, asking the council's presence at the speech day on Friday. The invitation was accepted.

J. McB. Smith enclosed a cheque for $444.75, balance of the cost of cutting down Tolmie hill, Douglas street.

Rev. T. R. Heneage thanked the council for the dispatch in putting down a sidewalk near St. Mark's church. As appreciation of the council's action is seldom acknowledged some of the members wanted this testimonial framed.

J. A. Aikman advised that mandamus proceedings should be begun against a Russian resident of Oak street for obstruction of the water course. It was agreed to act upon the solicitor's advice.

Gore & McGregor submitted a plan of sub-division J and X, sections 11 and 12, which were formally approved but not completed. They will be asked to furnish a new map of the area newly sub-divided and also informed that lots containing less area than 60 x 120 feet do not meet with approval.

Wm. McKinnon and nine others petitioned for drainage to remove water off Carey road and Oxford street, also a new sidewalk. It was decided to give all relief possible regarding the water, while the sidewalk was passed up to the incoming council.

James Price reported that Bryce and Munro had cleaned the brush from the roadside and their bond of $250 will be returned.

The constable's report was adopted for the month.

The road superintendent reported that $3,063.65 was spent on roads during November.

Councillor Freeman moved that the shooting permit be amended to restrict the privilege of shooting in the municipality to ratepayers and leaseholders. It was found that the councillor for Ward 4 had not given notice under the proper head and it was ruled out of order.

A petition was received from R. Scott and others in sections 26, 27, 34 and 35, Victoria district, asking for a water main under the local improvement plan. The total assessed value of the property affected is $142,000, of which $131,750 has signed up. The petition was granted and a by-law will be prepared.

The finance committee's report was adopted.

It was found that A. Glendenning was charging 25 cents per yard for gravel and a motion offering to settle at 20 cents per yard was made and carried.

Constable H. Little reported the presence of undesirables on Burnside road on Father Laterne's property. As the police force of Saanich is insufficient to take care of alleged recuperating tramps the health and morals committee will interview Father Laterne and see if some other arrangements cannot be made for the men.

A by-law was introduced by the reeve to select sites for a hall and submit a plebisite vote on January 12. Chas. Walker and O. Ferguson offered for this purpose lots 7 and 33, corner Carey and Saanich roads, for $5,000, option to expire on February 1, 1911. J. Durance, Royal Oak, offered a corner plot at the Royal Oak station, at the junction of the East, West and Wilkinson roads, at $200, option to expire in April.

The reeve and Councillor Sewell reported that other offers would be made from the city end and asked further time.

Councillor Grant moved that the site submitted by J. Durance be accepted as the one representative of the Royal Oak. Councillor Matthews seconded.

This carried on the following division: For, the reeve, Councillors Grant, Matthews and Hobbs; against, Councillor Freeman. Councillors Borden and Sewell did not vote.

On question, Councillor Matthews was informed that Giles road would be proceeded with at once; also the drainage of Temperance hall would be attended to.

Councillor Freeman wanted part of Carey road re-surfaced, stating that the Dominion government might sue the corporation for damages if this was not done.

The reeve asked the road superintendent if Carey road was in such bad shape as represented and was informed that it was not.

Councillor Sewell said that a fence still stood on the public highway on Douglas street, after being ordered back, and that the surveyors' post was missing. He moved that the road superintendent proceed to pull this fence down and this carried.

Local improvement by-law No. 6 was reconsidered and finally passed.

Saanich council has decided to protect the district interests and oppose the private bill sought for by Oak Bay and urged upon the council the need of watchfulness, so that at least Saanich should be a consenting party to definite arrangements before any system of water supply should pass through their limits.

Councillor Grant advised that as the municipality already had made the Victoria water system the Saanich supply it was better to give the city support in opposing the bill.

The reeve did not want any outside water in Saanich; it had lots of its own; and the city of Victoria was in a position to supply cheaper than any other concern.

It was decided that the reeve and solicitor look into the private bill and prepare a memorandum setting forth the grounds on which Saanich will oppose the measure.

## CHARGE AGAINST A SALOON KEEPER

### Information to Come Up Friday for Selling Liquor to a Minor at Russ House

An information has been laid out against Licensee Poppovitch, of the Russ Houe saloon, Johnson street, who will appear before the police magistrate on Friday morning to answer a charge of selling liquor to a minor.

According to the evidence in the hands of the police John Bentley, a boy, went into the saloon Saturday night last and bought beer and whiskey, which he claims to have drank in the saloon in company with another boy named Regan.

Bentley was arrested on the street and charged on Monday with being drunk and was duly fined. He admits having obtained several glasses of beer and having bought a flask of whiskey in the saloon, where he was served by the bartender.

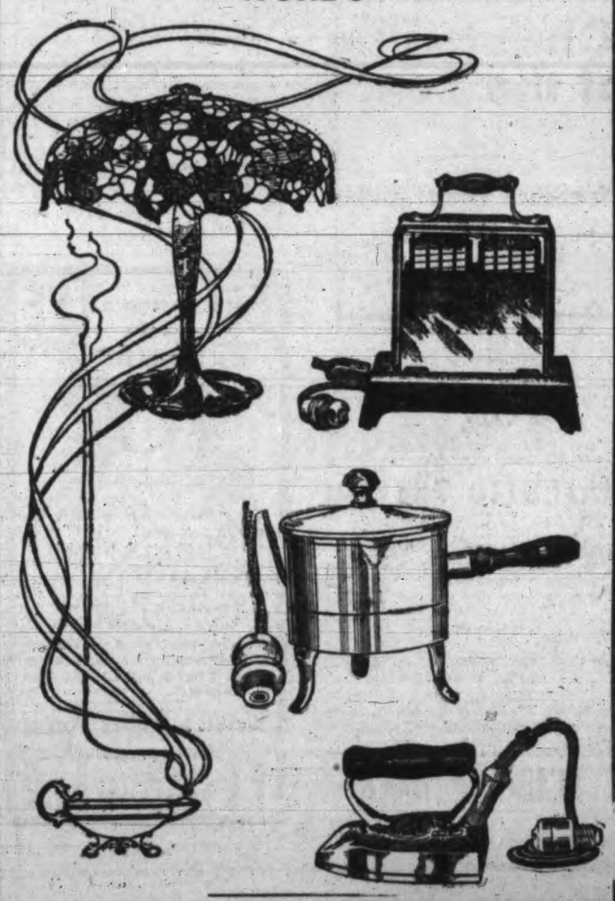
In the police court this morning Michael Hayes pleaded not guilty to a charge of having stolen an overcoat. He was remanded until to-morrow.

John Robins, an express driver, was arrested for drunkenness on Sunday, and was allowed by Sergt. Walker to go out on bail. He did not return and was brought to court to-day. He told the magistrate there was no need to read the charge as he was guilty. He was fined $5, and obtained a day in which to pay the fine.

—Steitz Restaurant is still in business at 570 Yates Street.

The British House of Commons possesses a post office of its own, which deals with over two and a half million postal packets—to say nothing of a tremendous number of telegrams—during a single session.

# XMAS SUGGESTIONS WITHOUT WORDS



**HINTON ELECTRIC CO.**

LIMITED.

—Wm. W. Northcott, purchasing agent for the corporation, is calling for tenders, which will be received at his office, city hall, up to 4 p. m., December 22 next, for the following additions to the equipment of the fire department: One 75-foot, quick-hoisting aerial truck; two steam fire engines with a capacity of 500 imperial gallons per minute; two motor-propelled hose wagons; 3,700 feet of 2 1-2 inch rubber lined cotton hose; 200 feet 3 inch rubber-lined cotton fire hose.

TO RENT—Large room on first floor Old Postoffice, Government Street. Apply Public Works Department, New Postoffice Building, City Victoria, B. C.

Dec. 12th, 1910.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

'To my Canadian friends: "Impressions of Canada" is a true pen-picture of what I saw of your great and glorious country'

T. P. O'Connor

Read it in

T.P's Magazine

Edited by T. P. O'CONNOR, M. P.

DECEMBER 15 CENTS

ISSUE ON SALE

Quite apart from "Impressions of Canada", T. P's Magazine for December is a wonderful issue. There are articles on widely varying subjects—"Finland's Struggle for Freedom", "A New Era of Science", "Snow and Frost in Art", "Laughter", "A Master of Magic", are but a few of these. Short stories, an illustrated Art Supplement—The Turner Gallery—and a score of other features also form part of this magnificent issue.

A SPLENDID XMAS GIFT

Your Irish friends—and many others besides—will appreciate your gift of T. P's Magazine for 1911. Send two dollars to the Montreal News Company, Montreal or to the Toronto News Company, Toronto, with name and address of friend to whom you wish T. P's Magazine to go. Your friend will receive the December T. P's Magazine before Xmas with card conveying your good wishes and intimating that he will receive the Magazine for 12 months. "Impressions of Canada" will be continued in the early 1911 issues of T. P's Magazine.

BUY YOUR COPY TO-DAY — FIFTEEN CENTS — ON SALE EVERYWHERE.

## SOCIAL AND PERSONAL

Miss Rhoda Bickle, Cumberland, is spending a holiday here.

* * *

Mr. and Mrs. Weeks, Cobble Hill, are in town for a few days.

* * *

Spencer Percival, Pender Island, is spending a few days in the city.

* * *

Mrs. Peden, Fernwood road, will entertain the Ladies' Aid of Grace Lutheran church to-morrow afternoon.

* * *

Miss Scowcroft has issued invitations for a pupils' pianoforte recital to be given at her home, 738 Discovery street, on Saturday afternoon.

* * *

Right Rev. Alexander McDonald, Bishop of Victoria, will open the bazaar at "Derravaragh," Esquimalt road, to-morrow afternoon at 3 o'clock sharp. The bazaar is given under the auspices of the Ladies' Altar Society of St. Joseph's church, Beaumont, and an attractive programme has been arranged for the evening in which the following will take part: The Misses Redfern, Kate Palmer, Shields; Messrs E. Petch and Moxon.

* * *

The sale of work which is being held this afternoon at the home of Mrs. Welch, Oak Bay, by the ladies of the Oak Bay Guild of Church Workers was opened most auspiciously, and so far the results have proved very satisfactory to the promoters of the bazaar, who have been working so hard to make it a success. This evening a concert will be given in which the following will take part: Mrs. R. Jameson, Misses Redfern, Kate Palmer, Shields; Messrs. E. Petch and Moxon.

* * *

Considerable interest is being manifested in the meeting which has been called in the city hall this evening at 8 o'clock by Mrs. Gordon Grant for the purpose of organizing a Political Equality League. The aim of this league is to be to secure to the women of British Columbia rights as voters. A number of prominent gentlemen have announced their attention of being present. This is the beginning of a provincial movement which, as is fitting, has its birthplace in the Capital City. Mrs. Grant's interest along this special line has long been known to the public of Victoria and throughout the province.

* * *

E. Bullock-Webster, the British Columbia exhibition commissioner abroad, has recently sent a letter from Belfast to the provincial department of agriculture here, commenting on the keen and friendly interest shown by Lady Aberdeen in British Columbia affairs. In her speech at the opening of the Belfast exhibition she spoke in the most complimentary terms of the fruit industry of British Columbia, and congratulated the government on the manner in which it had fostered the industry.

---

Woodrow Wilson said at a recent dinner in Princeton, N. J.:

"When all the world is well educated, as all the world will be some day, then it will be better for everybody. Some foolish people, though, don't care to see all the world educated. These people want to shine—and to shine, of course, one must have darkness.

"But that is a poor way to look at it. Those ambitious people should rather say, 'The more education, the more appreciation.'

"There's nothing more disagreeable than want of appreciation, you know. A multimillionaire returned to his native village and erected a marble palace on a hilltop there. One day, after the palace was completed, he said to the postmaster and the crowd of loiterers in the general store:

" 'Boys, my million-dollar house up on the hill is simply full of Titians.'

"The loiterers exchanged looks of surprise and horror, and the postmaster exclaimed:

" 'Good gracious, ain't there no way o' killin' them?'"—Washington Star.

---

"I'm at the end of my rope. Every resource I have is gone, and I'm broke at last."

"Have you borrowed all you can?"

"Borrowed? No; I haven't tried that."

"And you say you are at the end of your rope. Why, man, you haven't even started."—Toledo Blade.

---

"Did you say," asked a gentleman who was looking for rooms, "did you say that a music teacher occupied the next apartment? That cannot be very pleasant." Harper's Bazaar gives the landlady's reply:

"Oh," said she, eagerly, "that's nothing, sir. The music teacher has eleven children, and they make so much noise that you can't hear the piano at all."

---

"Your wife always weighs her words, doesn't she?"

"Yep. And nobody'll ever have her arrested for giving short weight."—Cleveland Leader.

## The Evening Chit-Chat

BY RUTH CAMERON

Saw the first of the winter ostrich girls the other day.

What's a winter ostrich girl?

Why just one of those silly little ladies who thinks to keep warm by burying the top of herself in warm furs and broadcloths away from the attack of the cold and leaving her poor little feet clad just as they are in July.

This specimen had a big cuddly shawl fur that made you warm just to look at, a fur toque and—yes, actually—fur lined gloves, while on her feet were a pair of high-heel suede leather pumps and the thinnest of thin lisle stockings.

I just longed to tell that girl two things.

Firstly, that she was tempting providence.

At which she would probably have laughed.

Secondly, that she looked absolutely silly.

At which she would doubtless have been very angry.

But it would have been just as true as the other all the same.

For some reason or other—the psychology of it is quite too deep for me—a great many young girls seem to think that it is smart and attractive looking to wear abominably thin clothes in winter.

I remember that in my school-girl days it used to be considered a sort of patent of nobility to wear the same clothes in winter as you did in summer, and that all the girls who dressed themselves with any regard to the seasons were looked down upon as "old fashioned."

And the smartest thing of all was to wear these low shoes and gossamer stockings all winter.

Personally I think it looks just the opposite from smart. I think a girl with such out of season footgear looks really poverty stricken, as if she could not afford any winter shoes and had to make her summer ones do. I feel like offering to buy a nice heavy pair of boots for her. How I'd like to try that sometime with some stylishly dressed "missie." Only I'm afraid I'd better have an ambulance at hand.

Everyone acknowledges that part of the beauty of any garment is its appropriateness. The prettiest gown is spoiled by being worn on the wrong occasion. No one can dislike the feeling and appearance of high shoes as compared with low shoes any more thoroughly than I do, but that doesn't make me blind to the fact that, shorn of the element of fitness by the winter season, low shoes are no longer pretty.

Let me ask some of the pump devotees something.

What's your favorite kind of furs? Let's say black lynx. It's mine, so I think of it first. Then, you regard a magnificent set of silky black lynx furs as something very much to be admired. Now, if next July you should see a woman coming down the street with a muslin gown and a handsome set of black lynx, would you call her a well-dressed woman?

Of course there are a lot of things that I might tell you that the doctors say about thin shoes, how much more ill-health they are the cause of than the much-tooted corsets ever thought of being.

But that probably wouldn't interest you.

That argument would merely appeal to your common sense while this is aimed at your desire to look well.

So I rest my case on this.

Ruth Cameron

## PANAMA-PACIFIC FAIR.

San Francisco Anxious to Have Early Decision Regarding Site.

Washington, D. C., Dec. 14.—Governor Gillett of California, who is here with the San Francisco committee seeking congressional endorsement of that city, as the site for the Panama fair in 1915, issued a statement to-day setting forth the position of his committee in requesting immediate action by congress.

"California is very anxious to have the matter of a site settled before the holidays," said Gillett. "We are in dead earnest and our reason for haste is a desire to send agents to Europe and other foreign countries advertising the fair, as soon as possible. We also want to appear before the legislatures of different states and ask them to make provision for having their states represented at the fair. If San Francisco gets the exposition it will give a truly international one."

As evidence of California's good faith, Gov. Gillett referred to the recent election authorizing a bond issue for the fair.

"California believes the general government should not be called upon to appropriate any more money for fairs and expositions," added Governor Gillett. "We are ready to finance the project ourselves and to do it in such a manner as to insure its success."

# FATE OF ENGINEER UNKNOWN BY CREW

## Disappeared Third Night Out From New York—Queen Alexandra Has Arrived

Mysteriously disappearing from his ship the third night out from New York bound for this port, T. Gibson, second engineer of the steamship Queen Alexandra, of the Queen line, which reached the outer dock last evening, is thought to have committed suicide by leaping from the vessel to a watery grave. He was relieved from his watch at 10 o'clock and the night was perfectly clear and calm, so that there was no possibility that he had been swept overboard.

When the steering gear on the steamship broke a little later the chief engineer sent for the second to remedy the matter, but he could not be located anywhere aboard the ship. A search was at once instituted but all efforts failed to reveal the missing man. He was a native of Sunderland, Eng., and was 35 years of age.

The Queen Alexandra made an exceptionally fast passage from Guaymas north, reaching Victoria ten days and ten hours after clearing the southern port. She experienced fine weather during that stage of the journey, and helped by favorable tides and winds was able to reach port before her scheduled time for arrival. Before reaching the Pacific, however, the Queen liner had a strenuous trip. Strong southeast gales were encountered and the vessel labored heavily. In the Straits of Magellan she ran into a hurricane, the wind blowing with great force, accompanied by hail and a little snow. The Queen Alexandra, in command of Capt. McDonald, occupied 86 days to complete the voyage from New York to this city.

She brought a large cargo, consisting of nearly 6,000 tons for Victoria, Vancouver, and Powell River. Included in the cargo is the machinery for the new pulp and paper mill to be installed at Powell River. After discharging the freight consigned to this port, which amounts to about a thousand tons of steel rails for the B. C. Electric Railway Co., the steamer will proceed to Powell River, which is 75 miles from Vancouver, to unload the machinery. Besides the heavy cargo for this city, the Queen Alexandra has 3,000 tons of rails for the Terminal City. She will remain at the outer dock until to-morrow afternoon.

A day before reaching port a member of the Chinese crew caught a sea-gull and the Orientals celebrated their Christmas dinner, substituting the bird of the sea for the turkey. The white crew looked on with pain as the bird was divided equally amongst the Celestials, who wasted no time in doing away with it.

## MARINE NOTES

With a full general cargo the Osaka Shosen Kaisha steamship Chicago Maru, left Victoria this afternoon bound for the Orient. The liner took on 64 Orientals at this port.

* * *

Completing a fast trip to Clayoquot and way ports, the C. P. R. steamer Tees, Capt. Gillam, arrived in port yesterday afternoon with 28 passengers. The Tees leaves again to-night for Clayoquot.

* * *

On Monday the Alaska Steamship Company's liner Northwestern was hauled out on the Heffernan dock, Seattle, for examination. Tenders are now being called for repairing her, and many bidders are expected.

* * *

With 1,800 bales of hay aboard, the steamer Delgo arrived from Seattle last night. She is discharging her freight at G. T. P. wharf, Pier C. The Forager, from New Westminster with a general cargo, is also unloading at the same dock.

* * *

To recover for legal services, Charles M. Baxter, a Seattle attorney, filed a $1,000 libel suit against the steamship Ella, a German vessel, in the United States district court yesterday. In his bill he sets forth that he was retained as attorney by Capt. H. Bruhn, master and sole agent for the vessel, in libel suits brought against the steamship last summer, and that Bruhn has failed to pay him for his services. The Ella is now in Tacoma harbor.

* * *

For the sum of $1,000 the schooner Bangor, a well known craft on Puget Sound, went under the hammer on Monday afternoon, and was purchased by James Griffiths. The Bangor went ashore on Beecher Bay several months ago and was pulled off by the Lorne. The owners of the tug presented their bill for services rendered, but the owners of the schooner refused to pay, and she was immediately libelled. Her hull is about waterlogged, and it will require a big sum to fix her up. The cargo of lumber was sold to the Puget Mill Company for $1,000.

The lungs of an average man contain about five quarts of air.

MAURETANIA STARTS.

She is off. The great Cunard liner Mauretania is now ploughing her way across the Atlantic ocean on a record-breaking feat which many people believe she cannot accomplish. Those mighty engines, without a hitch, are responding to the will of the captain and engineer. Everyone and everything on this monster of the deep is being strained and taxed to the utmost. The grimy firemen in the stokehold are facing the proposition of keeping the steam to the highest possible pressure; the oilers in keeping bearings from overheating; the engineers in detecting any defect in the machinery; the captain and mates using their best judgment in directing the short and easy course, and the whole frame of the vessel undergoing a great strain.

With 1125 passengers and 5000 bags of Christmas mail, the Mauretania left the Mersey promptly on time Saturday evening in a dash to the United States and back to England before Christmas. No one connected with the company doubts that she will accomplish her record task and land her American passengers in Liverpool in the allotted twelve days.

Wagers have been laid at 5 to 2 that the Mauretania will be in her berth at Liverpool before Christmas Eve. When the ship pulled out into the stream she was given a great send-off.

PRESIDENT'S BIG CARGO.

Bringing 126 tons of cargo, consisting principally of fruit consigned to local merchants for the Christmas trade, the steamship President, Capt. H. G. Thomas, of the Pacific Coast Steamship Company's fleet, arrived in port yesterday afternoon, and continued her voyage to the Sound after discharging the freight for Victoria. The President also brought a large number of passengers north, over one hundred and fifty being bound for Seattle. The first class passengers who disembarked here were: Miss Crouson, A. W. Peck, Mrs. A. Stevenson, W. D. Hawkins, N. E. Hale, Mrs. S. M. DuBois, J. B. Daniells and wife, Miss Cummins and M. E. Coleman.

STRIKE IN AUSTRALIA.

Melbourne, Dec. 4.—Three thousand men engaged in the transport industry here are at present on strike demanding a nine-hour day and wages $2 per day. The trouble threatens to extend, the allied unions endeavoring to coerce the non-unionists. The government has been asked to intervene to compel the men to work under the labor laws in force. The ministry replies that the employers must invoke the law themselves before the government will take action.

**Buy These!**

If you are looking for a home within easy walking distance of the business centre of the city, why not see these?

All are within a few minutes' walk of the City Hall, and all are sure to advance in value because the business of the city is rapidly building their direction.

Buy one of these and secure a comfortable home and at the same time make money through the certain increase in values.

**House, Blanchard Street, $2,800**

Lewis Luckenbach—American steamer, lumber and wheat from Tacoma to New York—Chartered by American-Hawaiian Steamship Company.

TIMBER INVESTMENT.

"I regard prudent investments in British Columbia timber as unsurpassed by any other form of investment. At to-day's prices it is a better buy than it was three years ago, now that the question of tenure of title has been decided," said M. J. Scanlan, of Minneapolis, president of the American Timber Holding Company, an American corporation with a capital of $6,000,000, who was here yesterday on business.

Mr. Scanlan is a partner of the well known sawmill firm of Brooke, Scanlan & Co., owning plants and timber limits in the Bahamas, the Southern and Northwestern states and British Columbia. He is also president of the Powell River Paper Company which is erecting a large paper mill at Powell river, 75 miles north of this city.

"During the past year our timber holding company bought two billion feet of British Columbia timber, bringing up our total holdings in this province to about five billion feet," continued Mr. Scanlan. "Our purchases represent an investment in British Columbia of about $2,500,000. The principal holdings are located on the Fraser river, Jordan river and Quatsino Sound, Powell lake and the Narrows Arm district. It is not our intention to sell one single stick of timber at present. We are quite content to hold it for its value is increasing daily."

Mr. Scanlan is also one of the principal shareholders in a company which is logging thirty million feet annually in two different places, on Harrison lake and at Gordon Pasha lake. A five-mile standard guage logging railway hauls the logs from the Gordon Pasha lake to tide water at Stillwater.

AUSTRALIAN MAIL SERVICE

Melbourne, Dec. 14.—The negotiations for the Vancouver mail service have been suspended until the end of January, when Sir James Mills, head of the Union Steamship Company, is expected here from New Zealand.

To-morrow morning at 8 o'clock the City of Puebla, of the Pacific Coast Steamship Company, is due to sail from his port for San Francisco.

# Crockery at Wholesale Prices

## Pushing Out This Big Crockery and China Purchase At

# 66⅔c. On the Dollar

This Christmas shipment was carefully selected from the best manufacturers of Bavaria, Austria, Prussia, Germany. France, and a large quantity of Royal Doulton Ware from England—also a lot of Sutherland Art Ware from F. Beardmore & Co., England. Every piece we are showing is of the newest and most handsome shade in pure translucent white, delicately decorated.

You want to know how we can afford to sell CROCKERY at WHOLESALE prices? Here's the reason.

Through an error of judgment on the part of our premium buyer, we find that this large shipment just opened up—instead of being suitable to be given away as premiums—is composed almost entirely of Wedgwood, French Art China, English Royal Doulton, etc. A large assortment of such high-class ware would take us at least twelve months to dispose of as premiums---and having no room to store it, we have decided to put on a special sale giving the citizens of Victoria a chance seldom met with---to buy high-grade China and Crockery at WHOLESALE PRICES.

It would be impossible to describe such a varied and large assortment of over 5000 pieces.

This ware is very thin, light in weight, strong, perfect in color and finish, beautiful in decoration. There are many designs to choose from. We are not using an illustration of this beautiful ware, as a newspaper cut could not do it justice. It must be seen to be appreciated and REMEMBER here is your chance to buy at WHOLESALE PRICES

# HELLIWELL'S FINAL REPORT

## CRITICISM OF CIVIC ACCOUNTING SYSTEM

### Hopes Some One Else May Be More Successful in Convincing Council

The final report of John F. Helliwell, expert accountant, on the city's accounting system, which was submitted at Monday's council meeting, is as follows:

Gentlemen,—Following my letter of November 19 I submit herewith for your consideration:

Draft of revenue account, year ending December 31, 1909.

Revised balance sheet of December 31, 1909.

It does not appear that a revenue account has been maintained or published, and, in consequence, there is no visible comparison between the actual revenue available in any one year, and the amount expended in that year.

Liabilities current at the end of the year have been omitted from the balance sheet, this being due in part to the present deficiencies in the system of book-keeping, which only records cash transactions. These current liabilities have varied from year to year, the effect being that these amounts which are properly chargeable, say to 1908 revenue, are omitted from the accounts of that year, and paid out of the revenue for 1909, and thus from year to year the current liabilities at the end of the year are omitted from the accounts, and left to be paid out of next year's revenue.

To illustrate the actual result of such methods, the draft revenue account for 1909 is submitted which excludes the 1908 items, but includes, as far as they can be identified, the floating liabilities current at December 31, 1909, and not included in the printed accounts; the amount appearing as "overspent" in that year being $21,797.76. Even assuming that no change is made in the book-keeping methods, it cannot be said that no provision should be made for current liabilities in the published accounts, which, in their present form, do not disclose the extent to which current revenues have been depleted by the debts of the past years, or the extent to which the position has nominally been improved by the exclusion of liabilities at December 31.

The municipal act construes available revenue as the amounts received within the year, and it would appear that from these amounts all the expenditure of the year must be met or provided for; hence the necessity for absolute control of expenditure and the complete record of the expenditure incurred, as well as the amount actually disbursed.

Revised Balance Sheet—Comparison of the balance sheet submitted, with the printed account, will exhibit many differences, some of considerable amount, indicating ignorance of the principles involved, or carelessness in preparation of the published report. As the amounts of taxes and water rates receivable were not balanced with the amounts actually received, it is not surprising that errors should be exhibited, but, even allowing for the weakness of this single entry form of record, it is remarkable that the water rates in arrear should have been understated by some $2,800. The liability on the North Park loan, $14,000, secured by pledge of debentures, was included in debenture debt, and also appeared as a separate item—there is only one liability, the debentures merely being collateral security.

Accrued interest on debentures to December 31, 1909, $54,200.10, was not included among the liabilities in the printed report, although among the assets is the item of "accrued interest on debentures purchased by the city $911.52; it is obvious that if this item is included as an asset, the corporation must exhibit the liability therefor, among other debenture interest accrued.

Taxes outstanding have been increased by $358.30 over the amount stated in the printed report of December 31, 1909.

Sundry debtors for $1,150.24 and insurance premiums unexpired $2,010.30 have been added to the assets at December 31, 1909.

It is in collectable assessments, subject to local improvement by-laws, that perhaps the most remarkable misconception occurs. From the published amount of $366,126.42 there must be deducted at December 31, 1909, the sum of $187,373.21, leaving a balance of $177,753.21, which is more correctly describable as "that portion of sinking fund to be contributed during term of by-laws by property owners benefited, towards repayment of local improvement debentures." The composition of the published amount, which includes many extraneous items, would involve tedious description, but it may be said briefly that it apparently includes the sums which the corporation itself will have to contribute in later years, as well as the interest which will be paid by property owners on their deferred instalments; whereas the only item which can here be introduced as an asset against the local improvement debt, is the amount which will be contributed by the property owners to the sinking fund, and which will be applied in reduction of that debt. The amounts which will be levied in the form of general taxes by succeeding councils, and the interest which will be paid by the property owners in future years, cannot be considered as assets at December 31, 1909.

The revised balance sheet submitted presumes the adjustment of local improvement sinking funds out of the surplus existing in the general sinking funds, and this being done, the arrears of local improvement instalments and interest thereon would become part of the general revenues of the corporation. The general sinking fund surplus and these arrears of instalments enable the corporation to restore all sinking funds without calling upon general revenue, and without creating any debt or obligation, and, unless there is a wholesale default in the payment of local improvement instalments in later years, the corporation will be able, on account of the present margin afforded, to make the required deposits to credit of sinking fund account on the exact dates in each year, without in any way draining upon the ordinary revenues. Incidental to this operation would be the simplification of methods now employed in recording these transactions.

Valuation of Assets.

The figures attached to items of real property, construction and equipment in the published balance sheet are repeated in the revised balance sheet; it may be pointed out, however, that in some cases of construction work under authority of by-laws, the figures attached as valuations are automatically reduced by the amount of the sinking fund contributions

(Concluded on page 14.)

A Pure Product of a Perfect Process

## BAKER'S BREAKFAST COCOA

is made from the best cocoa beans, carefully selected, cleaned, roasted, freed from shells and the excess of fat, and then, by a perfect mechanical process, is reduced to a very fine red-brown powder. *It is absolutely pure, healthful, and makes a most delicious drink.* Get the genuine with our trade-mark on the package.

## ORPHANS' HOME ANNUAL MEETING

(Continued from page 1.)

phans, might be generously dealt with. It is not unfrequent that the training, examples and environment surrounding these little ones makes it almost impossible for them to develop into good, law-abiding, useful citizens.

There is a branch of the Children's Aid Society in our midst doing an important rescue work amongst children, with very limited resources, whose opportunities for good would be largely increased by the practical cooperation of this institution in providing homes for some of the children coming under their care, and it is hoped that this may commend itself to the incoming board of management, and there is no fear, under existing conditions, that the Home would thereby become overcrowded, as it has been found that there is no difficulty whatever in finding suitable foster homes for these children, especially the girls.

The hon. treasurer's statement of receipts and expenditure, submitted herewith, shows a gratifying increase in every department of revenue. The cash on hand represents in part the annual subscriptions which have just been collected, and which will be needed before the next subscriptions are due. The general expenditure for supplies, salaries and fuel shows a considerable advance over last year, which is probably due to the general advanced cost of provisions, etc.

A report from the twenty-four representative ladies appointed to control the internal affairs of the Home will be laid before you in its entirety. This report goes very fully into many interesting details, while thankfully acknowledging assistance rendered by many kind friends whose generous acts might otherwise escape notice. To this committee your managers are greatly indebted for relief for most of the details of management, and the subscribers will, it is hoped, join them in expressing their thanks for assistance in augmenting the funds and for their efficient and economical administration.

Respectfully submitted on behalf of the committee of management.

CHARLES HAYWARD,
President.

The statement of receipts and expenditure made by A. J. W. Bridgman, treasurer, for the year ending November 30, 1910, is as follows:

Receipts.

| | $7,292 46 |

The total credit balance in bank is $2,146 70

Mrs. G. A. McTavish, president of the ladies' committee, presented a long report dealing with the work of the year and appreciating the services of the matron, Miss Allen. Mr. Britten, Seattle, was thanked for the dinner to the children last Christmas. Misses McTavish, Harris and Helmcken were thanked for their work and gifts for the Christmas tree. The donators to the pound party, held June 22, were thanked for donations amounting to $11 75 and Misses Thain and Scowcroft for music.

In connection with summer treats thanks were expressed to Mr. and Mrs. S. Newton, of Oak Bay, for picnic and motor launching parties; to Mrs. French and Mrs. McHardy for strawberry parties, to Mr. and Mrs. Hillis, Oak Bay, for picnics and for tally-ho rides on Thanksgiving day; to the Centennial Ladies' Bible class for a picnic at Sidney; to Mrs. Sutton and pupils of St. George's school for gifts; the Duncan Ladies' Aid through Mrs. Whidden; the Womens' Institutes of Metchosin and Colwood; the Ganges Harbor Agricultural Association and Mrs. McLellan, of Beaver Point, for gifts and donations.

Through Captain Whitley, the Bishop of the Yukon sent $8, and clothing was received from Mrs. Tuckeye. Toni Silvini has donated supplies of butter and bacon from month to month, and Drs Holden, Lewis Hall, Proudfoot and Hasell have given professional services. All these are thanked in the report. Mention is also made of the advice of Fire Chief Davis in connection with the fire drill for boys, which has been greatly appreciated.

The B. C. Agricultural Society and several religious societies, the Victoria theatre management and the press are thanked for services rendered during the year.

A suggestion that a gardening class be formed at the home for boys and girls was made by H. F. Pullen.

The meeting was well attended by friends of the institution.

## WOULD REDUCE TARIFF SCHEDULES

### Iowa Senator Says Some of Provisions of Law Are Indefensible

Washington, D. C., Dec. 14.—Defending the resolution he introduced for a modification of the rules to permit a schedule-by-schedule revision of the tariff from charges that it was "revolutionary and drastic," Senator Albert B. Cummins, of Iowa, spoke in favor of the plan yesterday.

"It is not my purpose to precipitate a tariff debate," said Cummins. "I have no desire to discuss the merits of the tariff law of 1909. I believe, however, that some of its provisions are indefensible. I gave close attention to the recent political contest, and I found the sentiment prevailing througout the country that some of the schedules are too high. Under present business conditions and with the existing rules it is impossible to amend the tariff law. Unless the rules are modified, the present tariff will continue until those believing in high protection think a new act is necessary, or those opposing the high protectionists wage a successful war."

Cummins explained the effect of the proposed change, saying the amendments would be limited to items of schedules the bill carried. He admitted it would bar the house from presenting any bill revising the entire tariff.

## CHRISTIAN SCIENCE; SCIENCE OF SALVATION

In his recent lecture in the Victoria theatre Professor Hermann S. Hering gave a detailed explanation of the tenets of Christian Science, from which the following is condensed:—

In considering the subject of "Christian Science: the Science of Salvation," it is well to have a mutual understanding as to the meaning of the terms. Science means exact, systematized and demonstrable knowledge of facts, laws and causes, while according to Smith's Bible Dictionary salvation means "deliverance from temporal evils and earthly destruction," in other words, deliverance from evil—from sin, disease and death. Hence "The Science of Salvation" means in substance that demonstrable knowledge which affords deliverance from all evil.

In working out our salvation we must first see that salvation or deliverance from evil is a mental process, takes place in mind; that it is a transformation through Mind and is both ethical and philosophical.

The Bible declares that "to be carnally minded is death; but to be spiritually minded is life and peace."

Christian Science teaches that matter and material existence are phenomena of the mortal, material, finite mind, a concept of existence obtained through the physical senses, a misapprehension of realty held by human consciousness when uninstructed by Science, an appearance instead of an actuality. It is simply an imitation or counterfeit obtained from a finite, dimensional mortal basis.

When we recognize God as the only Mind, the only cause, Truth is reflected in consciousness and existence is harmonious. When we believe causation to be material or in mortal mind, we put our trust and dependence in a shadow, a false belief, and existence, so called, is discordant, liable to disease, disaster, death. In order to work out our salvation we therefore need to understand causation.

The ordinary human concept of mind is that which thinks, feels or wills, the intellect, or the activity of the gray matter called brain. Christian Science reveals the fact that Mind is divine Principle, the infinite Life, Truth, Love, omnipotent, omniscient, omnipresent, the all-inclusive, eternal, unchanging, all-wise being, the only cause and creator.

Christian Science makes it clear that material existence is not the manifestation of this divine Mind, but the phenomenon of the counterfeit, called mortal mind.

It is this false concept of existence that does all the wrong thinking; that believes in sin, disease and death; that claims there is life and intelligence in matter.

The true Christian Scientist reflects the divine Mind, stands on the basis of God, man and the universe as Spirit and spiritual, as Love and its manifestation, as Mind and its ideas—perfect and harmonious. Hence he understands the unreality of matter and evil and knows that man is not sick but that the patient is simply suffering from a false mesmeric belief. From that standpoint he proceeds to correct the errors of belief with the Truth of being and thus establishes harmony on a spiritual, scientific basis.

## AUSTRALIAN MEAT.

Proposals in Regard to Supplying American Market From Sydney.

Arthur Kidman, of Sydney, Australia, chairman of the sectional committee dealing with the frozen meat industry of that country and a wholesale exporter of meat, butter and hides, has arrived at New York on his way to England in the interests of the Australian meat industry. He hopes to obtain more business and better transportation facilities, as well as tariff concessions.

"Your American abattoir system is entirely different from ours," he said. "We have both private and public abattoirs, places where a small butcher can slaughter half a dozen sheep and an ox and still have all the privileges and advantages of a large abattoir system at the low cost of from 12 cents to 13 cents a head for sheep and lambs and a correspondingly higher rate for oxen.

"Our government is building at Sydney an immense public abattoir, probably the largest in the world, with a daily capacity of 500 oxen, 480 calves, 12,000 sheep and about 1,500 hogs, with provisions for doubling the capacity on short notice. Its area is about one thousand acres, including resting yards for the stock.

"We are exporting from Australia about $15,000,000 worth of frozen meats annually, and the business is rapidly increasing. Our chief markets are Great Britain, South Africa, Mediterranean ports and the Philippines. We hope soon to be shipping to Germany and Continental Europe.

"We can land the best mutton in New York, similar to that used by the first class hotels and clubs of London, at from about five and a half to six cents a pound, with a duty of two cents to be added—that is, provided we get the same freight rates to New York that we have to London and other European points. Young spring lamb would be eight cents, with two cents duty added. The best beef would be about the same price as mutton."

## HOW SKIN-TROUBLES HAVE BEEN CURED

**A Remarkable Record of Itching, Burning, Disfiguring Eruptions Successfully Treated.**

That those who have suffered long and hopelessly from eczema and other torturing, disfiguring eruptions of the skin and scalp and who have lost faith in all manner of treatment, may learn that there is one way to find immediate relief, the following remarkable series of condensed testimonials is published:

W. H. White, 312 E. Cabot St., Philadelphia: "Knee to ankle a mass of eruption. Suffering simply indescribable for six long years. Had to scratch till blood ran and health was undermined from lack of sleep. Cuticura Remedies cured it without a mark.

Mrs. M. C. Maitland, Jasper, Ont.: Itchy rash on her baby's head when but three months old. It spread over entire body. Put mittens on him to prevent tearing skin. Reduced to a skeleton. One bath with Cuticura Soap and application of Cuticura Ointment soothed him to sleep. A single set cured him. Thinks child would have died but for Cuticura Remedies.

Mrs. Wm. Hunt, 259 Fairmount Ave., Newark, N. J.: Whole body a mass of raw, torturing eczema. Agony was beyond words. Hair all fell out and ears seemed ready to drop off. Clothing would stick to bleeding flesh. Hoped death would soon end fearful suffering. Cuticura Remedies cooled the itching, bleeding flesh at once and soon cured her.

Mme. J. B. Renaud, 277, Mentana St., Montreal: Treated by doctors 25 years for bad eczema on leg. It peeled from knee down; foot like raw flesh. Doctor advised cutting leg off. Decided to try Cuticura Remedies first. In two months' use of Cuticura Remedies she was cured.

Mrs. Nora Emmott, 26, Lena Gardens, Brook Green, London: Two little girls had dreadful scalp trouble that doctors called ringworm. Cried with intense itching. Hospital treatment gave frightful pain but did no good. Suffered three years, cured by three sets of Cuticura Soap and Ointment.

H. A. Krutzkoff, 5714 Wabash Ave., Chicago: Itching eruption spread from hands to body. Literally tore his skin off in shreds. Doctors and remedies did no good. Cuticura Soap, Ointment and Pills stopped itching quickly and cured disease in three weeks.

Frank Gridley, 325 E. 43rd St., New York: In twenty-four hours he became raw from head to foot with a dreadful burning itch. Suffered agonies and could not lie down or sit up. Cuticura Soap and Cuticura Ointment cured him in a single day.

Mrs. Kate Brougham, 200 Dewey St., Bennington, Vt.: Rash came on her baby and soon turned to watery, crusted eczema over face, head and body. He was a fearful sight and all attempts at cure were fruitless. Vastly improved in a week by use of Cuticura Remedies and soon skin was clear and healthy.

G. J. Dance, 27, New Road, Brentford, England: Tortured for five years with bad skin disease. Attended hospital five months without success. Covered with eruption. No sleep nor rest. Felt like tearing himself to pieces with terrible itching. With first application of Cuticura Ointment was relieved and got good night's sleep. In a fortnight Cuticura Ointment cured him as if by magic.

Cuticura Soap, Cuticura Ointment, Cuticura Resolvent and Cuticura Pills are sold by druggists everywhere. Send to Potter Drug & Chem. Corp., Boston, Mass., for free 32-page Cuticura Book on skin diseases.

### OUTLOOK BRIGHT.

New Westminster, Dec. 13.—The total cut of lumber at the Canadian Western Lumber Company's plant on the Fraser river, near the city of New Westminster, for the year 1910, will total in the neighborhood of 100,000,000 feet, which will be fully 30 per cent. greater than last year's cut. The lumber shipments from this mill, which is acknowledged to be one of the largest in the world, for the present year will be about 85,000,000 feet. The mill has been in operation continuously throughout the year with the exception of a brief shut-down about the first of July, running ten and sometimes twelve and a half hours per day.

Conditions in the lumber business, according to officials of the Canadian Western Lumber Co., are remarkably good for this season of the year, which is usually an off season. The prospects for next year's business in the lumbering line are very bright. After March 1 the Canadian Western Lumber Company expect to operate their big mill night and day in order to keep pace with the orders which are expected.

### WILL SHORTEN ROUTE.

Portland, Ore., Dec. 14.—The running time between San Francisco and Portland will be reduced to 22 hours with the completion of the Klamath Falls-Natron cutoff on the Southern Pacific, according to an announcement of Julius Kruttschnitt, director of maintenance and operations of the Harriman system, who is in Portland. Kruttschnitt said that he expected that trains would be operating over the cutoff within six months.

### VILLIERS ON DEFENCE.

Advises Building of Aeroplanes and Cruisers in Preference to Dreadnoughts.

Frederick Villiers, the veteran war correspondent who visited Victoria some time ago, in an interview at Toronto the other day, said:

"I have been all over the Dominion, and I have come to the conclusion that this is the greatest country in the world, but Canadians must look to the defence of it. Thirty years ago, matters were different; Canada was practically unknown. Now, however, its rich natural resources and fertility of soil have attracted the world's attention, and in this fact, may lie the danger of exciting other nations' cupidity."

Discussing Canada's best plan towards carrying out a defence scheme, Mr. Villiers favored the construction of aeroplanes, "for," said he, "the power with the aerial fleet will be the one to reckon with in the next big war." In conclusion he stated that he was in entire accord with Lord Charles Beresford's advice that this country should pin her faith on swift cruisers and not rely on Dreadnoughts. "You will have to have a navy, some day," he added, "so you may as well start now."

The only way to be really unusual is to be oneself—which hardly anybody is.—Ada Leverson.

## AN OPEN LETTER

### TO PROPERTY OWNERS

Dear Sir or Madam :

When the undersigned, a few days ago, embarked in the investment field it was our intention to devote our time in handling only large enterprises, a number of which are under consideration.

However, within two days after the first appearance of our ad. in the Times, we have been beseigd with property owners, many of them former clients, many more new ones, and a goodly number complete strangers, who desire their business handled in a quiet and private manner.

Mr. Jones has decided it will be wise to add a general real estate branch and will confer with Mr. Betterton (who is out of town for a few days appraising a large property) as to the advisability of securing the best, reliable real estate man obtainable and placing him in charge of this department. With this in view, we will be pleased to list your properties.

We do not ask control, just give us description and price, including the usual commission.

Don't list properties at inflated prices. Remember, while we desire to obtain for you a good price, we must also consider the purchaser, and see that he gets value for his money. We want satisfied purchasers as well as satisfied vendors.

If this is fair, bring us your offerin

# LIVELY SCENE AT COUNCIL MEET

## Tilt Between Mayor of Kamloops and Alderman Regarding Railway Proposals

Kamloops, Dec. 13.—At the last meeting of the city council the Canadian Northern proposals were taken up for consideration and the mayor explained what had been done at the meeting held a few days before. What had been suggested was that the city donate a sum of say $50,000, to the Canadian Northern railway, and in return for this the company be bound down to erect their shops on the north side of the South Thompson on the Indian reserve, run a spur line into Kamloops across a joint traffic and railway bridge, erect a depot within the city limits and give the city jobbing rates.

Ald. Rushton suggested that the city solicitor draw up a letter on the lines mentioned, stating what the city was prepared to do and forward same to the Canadian Northern railway authorities.

Ald. Norris said that the city was drawing near to the end of its borrowing powers, and $50,000 was about all it could stand. He suggested offering the Canadian Northern railway city bonds and let them do what they like with them.

The city solicitor, F. J. Fulton, was then asked to give his advice on the subject, and said that under the municipal clauses act the city had power to grant a bonus, either in cash, land or bonds, and could do so conditionally. He didn't see why one of these conditions shouldn't be a jobbing rate.

The mayor then left the chair and addressed the council. He advocated the granting of the bonus and expatiated at some length on the advantages that would accrue to the city.

Ald. Hargraves didn't agree with giving the Canadian Northern railway anything at all and accused the mayor of being the one person responsible for the accusation which had been made by the Canadian Northern railway, that the people of Kamlops were trying to hold them up. It wasn't the people of Kamlops but the mayor himself who took options on all the property on Lorne street as soon as he heard the Canadian Northern railway was coming and then held them up for an exorbitant price. Moreover, the mayor had signed papers he hadn't the authority to do. He wasn't going to stand for any more of that kind of business. The mayor was doing it for his own ends. He could prove it.

The mayor hotly denied having taken up options as soon as he heard of the advent of the Canadian Northern railway, and characterized Ald. Hargraves' statements as lies. He had an option on the Power property but that was before any thought of the Canadian Northern existed, and secondly he had never signed any document without authority. He accused the alderman of trying to make trouble. He was an ignorant man and totally unfit to sit in the council. If he was going to continue conducting himself like this he would see that he was unseated.

This was too much for the worthy alderman, who jumped up and threatened to unseat the mayor right there. In fact, he appeared to be prepared to carry out his threat without more ado, as he rushed out of his seat on to the platform and shook his fist in the mayor's face. The city clerk interfered at this juncture and induced the belligerent alderman to resume his seat.

A resolution was finally passed, Ald. Hargreaves alone dissenting, instructing the city solicitor to draw up a letter to be forwarded to the Canadian Northern railway authorities, stating what the city was prepared to do and what would be expected.

### RAILWAY FATALITIES.

The chief operating officer of the railway commission has just completed a report showing that for the year ending March 31 last 456 persons were killed and 11,023 injured on Canadian railways. They are classified as follows:

Passengers 51 killed, 211 injured; employees 194 killed, 745 injured; other persons 211 killed, 167 injured. Total 456 killed, 1,123 injured.

This list includes the killed and injured in the Spanish river wreck.

The story goes that a prominent Suffragette has made a bet that she will take her seat in the next British House of Commons dressed in male attire and made up as some member.

# LIFE SAVING STATION AT CUMBERLAND

## Government and Coal Company Will Install Draeger Apparatus

Cumberland, Dec. 13.—An interesting demonstration took place at the coal company's office the other day, when Mr. Morris of the Draeger company, and Mr. Newton, inspector of mines, explained and demonstrated the usefulness of the Draeger life saving appliances in the case of gas in the mines.

The Draeger equipment weighs 55 pounds and enables the wearer to enter a gas-infected area in perfect safety, a large mask resembling somewhat those worn by divers, being connected with a tank of pure oxygen, which the wearer breathes, there being a sufficient supply in the apparatus to last for two hours.

A number of those present took advantage of the opportunity to don one of the outfits and then enter a room that had been flooded to an unendurable extent with sulphur fumes, but the Draeger outfit enabled them to move around without the least discomfort, even when the mask was placed within a foot of the burning sulphur.

A demonstration was also given with the Pulmotor apparatus, which is used when a man has geen overcome by foul gases or by drowning and the victim is apparentlp dead. The apparatus automatically inflates the lungs with oxygen and then dispels it, and if the slightest spark of life remains the victim can be revived.

Fire Inspector Newton has just returned from Seattle, where he had undergone a two-week course in handling the apparatus.

The mine owners here installed four of the Draeger outfits for the mines here while the government will stall a like number, together with a Pulmotor machine in their life saving station here.

### SALVATION ARMY CITADEL.

Prince Rupert, Dec. 13.—The Salvation Army opened its new citadel here a few days ago, which marks the real beginning of its effective work in the city. The organization has very comfortable quarters now on Fraser street at the head of Sixth avenue. The front part, which is devoted to the general purposes of the Army as a meeting place, is capable of seating about 300 persons comfortably. The ceilings are high, making it airy and cheerful, while abundance of light is afforded. In the rear of the building has been fitted up the living quarters for the officers in charge of the work.

Major Morris, of Vancouver, who is in charge of the work of the Army in British Columbia and the Yukon, was in charge of the opening ceremony. William Manson, M. P. P., presided, while Mayor Stork and Ald. Mobley and the city clergy all had prominent places on the platform during the ceremony.

During brief proceedings outside the citadel, Mr. Manson was presented with a silver key inscribed simply "William Manson, M. P. P., S. A., Dec. 4, 1910." The presentation was made by the little daughter of Major Morris. Mr. Manson followed with a short address in which he congratulated the Army upon the building that they had now provided.

The address of Major Morris on the Evolution of the Salvation Army was listened to with a great deal of interest. With respect to the local situation, he explained that the citadel and the lots on which it stood represented an expenditure of over $13,000. Of this sum not quite $900 had been raised locally. The remainder of the cost stood as a charge against the local corps which would have to be paid for if that was possible.

On the conclusion of the address a vote of thanks was moved the speaker by Mayor Stork, seconded by Ald. Mobley.

### MANUAL TRAINING.

Classes Will Be Opened at Nelson—Domestic Science.

Nelson, Dec. 13.—The school board has decided to introduce at the next term, opening on January 2, manual training and domestic science at the public school. Equipment, consisting of benches and tools for manual training, will be installed in a room in the basement of the annex, and the board is at present in negotiation with a teacher at Vancouver, and there is every probability that the latter matter will be closed in a few days.

The classes in domestic science will commence at the beginning of the new term, with Miss Cowan as teacher. The subjects at first taught will be plain sewing, darning and knitting, but the board expects to later furnish a room where cookery classes may be conducted.

It is proposed that boys and girls from 10 years of age and upwards shall be taught these new branches of the school curriculum, but this is a matter which the board will leave largely in the hands of the special teachers and the general staff of the school.

The cost of installing the benches and tools in the manual training class room in the basement will be approximately $1,200. Of this sum the provincial government, in accordance with the act passed at the last session of the House at Victoria, pay threequarters, or $900. The government will also pay a little over 50 per cent. of the salaries of the additional teachers.

## Tenders

SEALED TENDERS addressed to The Secretary, Department of Indian Affairs, Ottawa, and marked on the envelope "Tender for Cardross Boarding School," will be received up to noon, February 26, 1911, for the [illegible] school building [illegible] Territory.

Plans and specifications may be seen at the offices of T. F. Neelands, Inspector of Indian Agencies, Vancouver; W. E. Ditchburn, Inspector of Indian Agencies, Victoria; R. C. Miller, Assistant Gold Commissioner, White Horse, Y. T.; the Commissioner of the Yukon, Dawson City, Y. T., and Percy Reed, Mining Recorder, Cardross, Y. T.

Each tender must be accompanied by a marked cheque made payable to the undersigned for a sum equal to five per cent. of the amount of the tender. The cheque will be forfeited if the person tendering decline to enter into a contract when called upon to do so. If the tender be not accepted the cheque will be returned. In the event of acceptance of tender the cheque will be held until the contract is signed, when it will be returned.

The successful tenderer will be required to furnish a bond in satisfactory sureties for a sum equal to the amount of the contract.

The lowest or any tender not necessarily accepted.

The unauthorized insertion of this advertisement in any newspaper will not be paid for.

J. D. McLEAN,
Secretary.

### "LAND REGISTRY ACT."

To Edward Purser or the Legal Representatives of Edward Purser, Registered and Assessed Owner of Section 115A, Sooke District.

Take notice that an application has been made to register Stanley Moss Smith as the owner in fee simple of the above Section under a Tax Sale Deed from the Assessor of Victoria District, and you are required to contest the claim of the Tax Purchaser within 30 days from the first publication hereof.

Dated at the Land Registry Office, Victoria, British Columbia, this 23rd day of September, 1910.

S. Y. WOOTTON,
Registrar General of Titles.

We, the undersigned, intend to apply at the next sitting of the Board of Licensing Commissioners of the City of Victoria for a transfer of the liquor license to sell spirituous and fermented liquors by retail on the premises known as the Driard Hotel, on the corner of View and Broad streets, in the City of Victoria, from us to Sol Cameron and Carter Clark; and also to have the said liquor license transferred from the said Driard Hotel premises to the premises known as the "Westholme Building," situate on the east side of Government street, between Johnson and Pandora streets, in the said City of Victoria.

Dated the 14th day of November, 1910.

HARRY HEMMING.
J. A. WELDON.

### WHARF REPAIRS & PILEDRIVING

The noted diver, M. McDonald, who has of late contracted in piledriving and wharf repairs, wishes to have people believe that I have been interested with him. Such is not the case. He has had use of my piledriver and gear at a small rental.
T. P. WEST.
726 Fisguard St.

## WANTED

**Good Berried Holly**

**JAY & CO.**

Phone 760 and 1024.

### SIMPLE DANCING FROCK.

White crepe de chine or messaline would work out well in a frock of this type. The style is exceedingly simple with its plain skirt veiled with a pointed tunic of white chiffon, under which is draped a broad band of blue satin ribbon, joining on left side near back under a rosette bow. The bodice in surplice fashion is trimmed with bands of lace matching that on tunic. The draped girdle is blue satin.

## HELLIWELL'S FINAL REPORT

(Continued from page 10.)

and accretions, or, in other words, these assets will be written off in toto when these debentures mature.

As the term of these local improvement debentures is uniformly short, it is possible that the present treatment does not give the city full credit for the value of these assets so created. A great deal of the local improvement work, which is represented by tangible assets, passes out of the accounts when the debentures are issued, and I would suggest that some valuation be placed upon these works, and that this amount be introduced into the accounts, and written down during the actual life of the work.

Summary of Adjustments.

The net effect of the adjustments incorporated in the revised balance sheet, apart from adjustment of sinking funds and elimination of duplicated items, is as follows:

Additions to "Liabilities."

| | | |
|---|---|---|
| Accrued interest on debentures | $54,200 10 | |
| Creditors for current revenue expenditure | 12,505 24 | |
| Taxes to be refunded | 27 60 | |
| Overpayments on local improvement instalments | 76 80 | |
| Property owners' payments in advance re Government street reblocking | 850 66 | |
| | | $ 67,670 50 |

Decrease of "Assets."

| | | |
|---|---|---|
| Reduction of amount stated as local improvement assessments collectable | 187,373 21 | |
| | | $255,043 71 |

Contra.

Increase of "Assets."

| | | |
|---|---|---|
| Sundry debtors | $ 1,150 24 | |
| Insurance unexpired | 2,019 30 | |
| Municipal taxes outstanding | 356 30 | |
| Water rentals and frontage tax | 2,871 39 | |
| Arrears of local improvement taxes | 16,397 63 | |
| | | $ 22,796 86 |

Net reduction of surplus ..... $232,246 85

The chief value perhaps of this revised balance sheet lies in its exhibit of the position of the corporation at December 31, 1909, assuming that the adjustments, since discovered to be necessary, had been made at that date. Another point is the indication of errors, in principle as well as in fact, affording ample justification for changes in method of accounting recommended to your council. It is my opinion, however, that any measure of amendment which your council may adopt must depend for its success upon the appointment of some official possessed of the required ability and authority to enforce observance, as without a recognized and responsible head it will be impossible to overcome indifference or opposition.

The extent of my examination convinces me that the corporation would experience material benefit from such an appointment, provided the support of the council was afforded in the prosecution of the work. Without such support, time and effort expended in this direction are wasted, and it is particularly unfortunate that work of this character should be made the subject of personal argument or political consideration; speaking from a personal standpoint, I may say that had I been aware that such conservative opinion existed with regard to present methods, I should have declined the honor of the engagement by your council.

It is with me a matter of sincere regret that I have been unable to convince your council that study and comprehension of these subjects must eventually result to the advantage of the city at large, but I trust that someone else may be more successful, and that the importance of these matters will be equally impressed upon those from whom action will be expected.

I have the honor to be, yours faithfully,
JOHN F. HELLIWELL,
Chartered Accountant.

## THE PASSING SHOW

New Grand Theatre.

The success of the Grand bill this week is practically unprecedented. Merritt and Love cause most of the laughter in the show because they are natural humorists who get off a lot of topical stuff that goes well always. The singing of Lucy Tonge is remarkable because of her bass voice, and the Stubblefields perform many wonders in the air during the time they are on their suspended bars. Teeth-hanging is one of their strong points. The Trumpeter trio serves as the de luxe entertainment of the bill, offering a concert that patrons wish were lengthened, although it is now the longest act of all. McGraw and McGraw delight the acrobatically inclined with hard work and good results. Moving pictures give the show a neat and amusing finish.

Romano Photoplay Theatre.

The management of the above theatre have been fortunate in securing some very fine pictures for to-day and to-morrow. It is hard to say just what film is the headliner, but "Francesco de Rimini" is one of the finest pictures ever put out by the celebrated Pathe Freres. It is magnificently colored, and acted by the best company. "Fortune's Wheel" is a strong imp drama which should have been shown Monday but was delayed on the train. "For the Love of Red Wing" is a Western picture full of dash and vigor from start to finish. "Oh, What a Beard" is a comic film which is sure to make one laugh, as is also "The Careless Tramp." The Romano orchestra will be heard in some new selections which they have just received from the publisher.

Majestic Theatre.

"The Greenhorn and the Girl," at the Majestic to-day and to-morrow is a western study of cowboy life. It centres around the adventures of a tenderfoot who is put through his paces by the cowboys and after gaining their respect and confidence proceeds to turn the tables on them, winning the rancher's pretty niece, who has just arrived on a visit from the city. "Hunting Panthers in the Wilds of Africa" is a capital exposition of the methods adopted to secure big game by enterprising sportsmen. "Rose Leaves" is a story of modern city life which depicts the experiences of a young girl in the struggle for existence and the temptations placed before her by designing men and women. "The Baggage Smasher" is an exciting comedy-drama of a romantic girl who prefers brawn and muscle to the allurements of a titled admirer. Her father succumbs to the latter influence, but the baggage man comes to the rescue and in a sensational finale causes the arrest of the titled visitor, who is wanted by the police. "Good Glue" is a delightful comedy.

Jamieson's Crystal Theatre.

Jamieson's Crystal theatre continues to draw crowds. That Mr. Jamieson made no mistake in paying the high price necessary to secure the Barney Oldfield-Jack Johnson motor race pictures is proved by the fact that the increased business for the first two days paid the extra expense twice over, and there is still to-day to be reckoned. Patrons must bear in mind that to-day is the last upon which this remarkable picture can be seen in Victoria. For to-day and to-morrow the other features are changed, the new ones, besides the motor race, being "True Western Honor," "The Hummage Sale," "La Ricardo" and "The Magic Laugh Machine." Grove Hohmann and Thos. J. Price will have numbers in violin solo and song.

## WITH THE FIGHTERS.

When Welgast heard that Owen Moran had challenged him, he announced that he would fight the Englishman next May, provided he received a guarantee of $12,500 win, lose or draw, and could name the referee. Moran has proposed these terms [illegible] "I not consider them [illegible] Welgast announces [illegible] are on "Kecch-[illegible]," but doesn't say [illegible] Moran is going east and will surely meet the winner of the Moore-Attell bout in a ten-round affair before either the Fairmont A. C. or the National Sport Club. Welgast's attitude is causing severe criticism all over the country.

Moving pictures of the Moran-Nelson fight will be shown next week all over the world. The films show the knocking out of Nelson with distinctness.

Jim Sullivan is the new welterweight champion of England. In a twenty-round bout at the National Sporting Club, London, ten days ago he got a decision over the former title holder, Tom Thomas. Sullivan may be matched with Bill Papke when the latter arrives in Great Britain from Australia.

Jack Johnson declares that he will not go to France to fight Joe Jeanette twenty rounds or to a finish unless he receives a guarantee of $25,000, $5,000 more than Victor Breyer of Paris is ready to pay him if he will sign articles of agreement. Johnson also laughs at Hugh McIntosh's offer of $15,000 guarantee for a twenty-round battle with Sam Langford in London.

## DISSOLUTION OF PARTNERSHIP.

Notice is hereby given that the partnership heretofore existing between E. J. Hewlings and W. F. Best under the firm name of Hewling & Co., has this day been dissolved by mutual consent.

E. J. HEWLINGS
W. F. BEST.

Victoria, B. C., Nov. 30th, 1910.

# It Is an Easy Matter to Select Your Christmas Presents From This List

Note We Do Not Quote Prices

Why ?

Note We Do Not Quote Prices

Why ?

## WHAT TO GET FOR HER

THERE is always a reason for everything, and we certainly have a reason why we are giving you this list to choose from without any prices. We are not going to tell you why, but if you are not wise enough to find out (which is an easy matter) then you are not very anxious to save money on your Christmas buying. We would like to give you a list of every thing in our store, but that is impossible, and besides it is much more satisfactory to us when you give us a call. We have a pretty store with pretty goods and prices to suit everybody. Our store makes you feel that Christmas is right here. Why, it is an education to spend a few hours in our store! Many a time you pay admission to an exhibition not half as fine as we have at present. We are always glad to see you, and you don't require to buy because you are in our store. Come in the morning if you have not made up your mind what to buy, because in the afternoon we have many visitors.
